To our stakeholders:

Lucara Diamond Corp. became a Participant of the UN Global Compact on February 19, 2018. On behalf of Lucara, I am pleased to reaffirm our support for the UN Global Compact's Ten Principles on Human Rights, Labour, Environment and Anti-Corruption.

Please find attached Lucara's seventh consecutive annual sustainability report, prepared in accordance with the GRI Standards: Core option, as our updated Communication of Progress. This report, which was subject to limited assurance, covers the reporting period from January to December 2018 and its UN Global Compact index is presented overleaf.

The report demonstrates our sustainability performance across numerous indicators and highlights how we continue to integrate the Ten Principles and UN Sustainable Development Goals (SDGs) into our business strategy, culture and daily operations. This includes our contributions to several SDGs, such as No Poverty (SDG1), Zero Hunger (SDG2), Good Health and Well-being (SDG3), Quality Education (SDG4), Gender Equality (SDG5), Clean Water and Sanitation (SDG6), Decent Work and Economic Growth (SDG8), Industry Innovation and Infrastructure (SDG9), Peace, Justice and Strong Institutions (SDG16), and Partnerships for the Goals (SDG17).

We welcome feedback on how we could further improve our sustainability performance. Please send your email to csr@lucaradiamond.com.

Kind regards,

Eira Thomas President and CEO
