It is my pleasure to confirm that the Singtel Group will continue to support the ten principles of the UN Global Compact relating to human rights, labour, environment and anti-corruption.

Singtel is committed to strong corporate governance and continuous improvements as part of our sustainability efforts. We published the Singtel Group Sustainability Report 2019 on 26 June this year, providing an overview of our approach, policies, priorities and performance in the area of sustainability for our business operations in Singapore and Australia for the financial year ended 31 March 2019.

The report was prepared to be in accordance with the GRI Standards: Core option and subjected to an external assurance process.
