To our stakeholders:

*We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.*

*We have completed the preparation of our 2019 COP to meet the “advanced criteria.” However, we need additional time to complete our internal review before submission, exceeding our deadline of July 26th, 2019.*

*For this reason, we hereby ask for an extension period in order to be able to post an advanced COP that describes our company’s efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by August 15, 2019 at the latest.*

Sincerely yours,

Ann Tracy  
VP, Global Sustainability, EOHS and Supply Chain Strategy
