To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a period of rapid growth and expansion leading to significant structural changes within the company. We have also in the process of onboarding a new system of data collection, impact measurement and reporting. We would like to communicate our goals and achievements as holistically and accurately as possible. We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 14th November 2019 at the latest.

Sincerely yours,

Sally Townsend

Head of Advocacy and Alliances
