

UNITED NATIONS GLOBAL COMPACT (UNGC) COMMUNICATION ON PROGRESS (COP)

(September 2018 – August 2019)

Qatar Design Consortium

This is our **Communication on Progress** in implementing the principles of the **United Nations Global Compact** and supporting broader UN goals.

We welcome feedback on its contents.

Contents

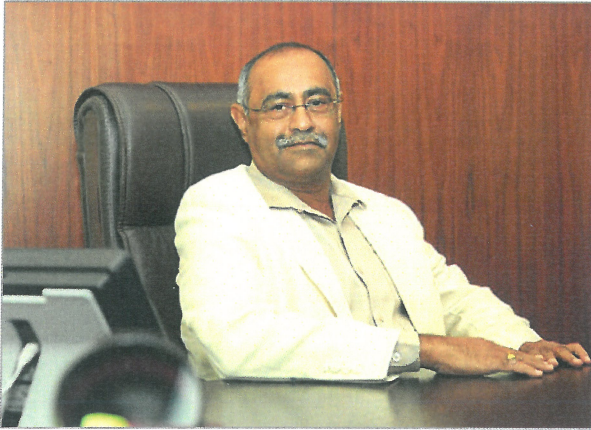

From the desk of the General Manager

I am happy to present second communication on progress (COP) to the United Nations Global Compact (UNGC). The reporting period of COP is from 1st Sep 2018 to 31st Aug 2019. QDC very much understand that contribution from businesses can make to create a more prosperous and socially and environmentally benign world. I am happy to continue our support to UNGC and renew our ongoing commitments to this noble initiative.

Every industry sector we serve, from construction, hospitality to oil and gas, is being disrupted and transformed in today's ever-changing global corporate dynamism. We, at QDC, are also transforming our own business as we continue to innovate in our design, engineering, and project management services to help our customers meet their aspiration. Throughout these changes, our vision remains constant - to help people imagine, design, and make a better world. This continues to inspire everything we do and has become now more important than ever.

QDC recognizes the significance of and ways to adopt United Nations Sustainable Development Goals (UNSDGs). Furthermore, we understand the essence of engineering solutions to urban development (buildings, infrastructure, and landscaping) which are being and will continue to be central to determining the quality of life for a rapidly growing urban population and the health of the planet as a whole. During delivery of our services to our valued customers, we explore all the opportunities to embed sustainability in our solution and align them with one or more of the 17 UN-SDGs.

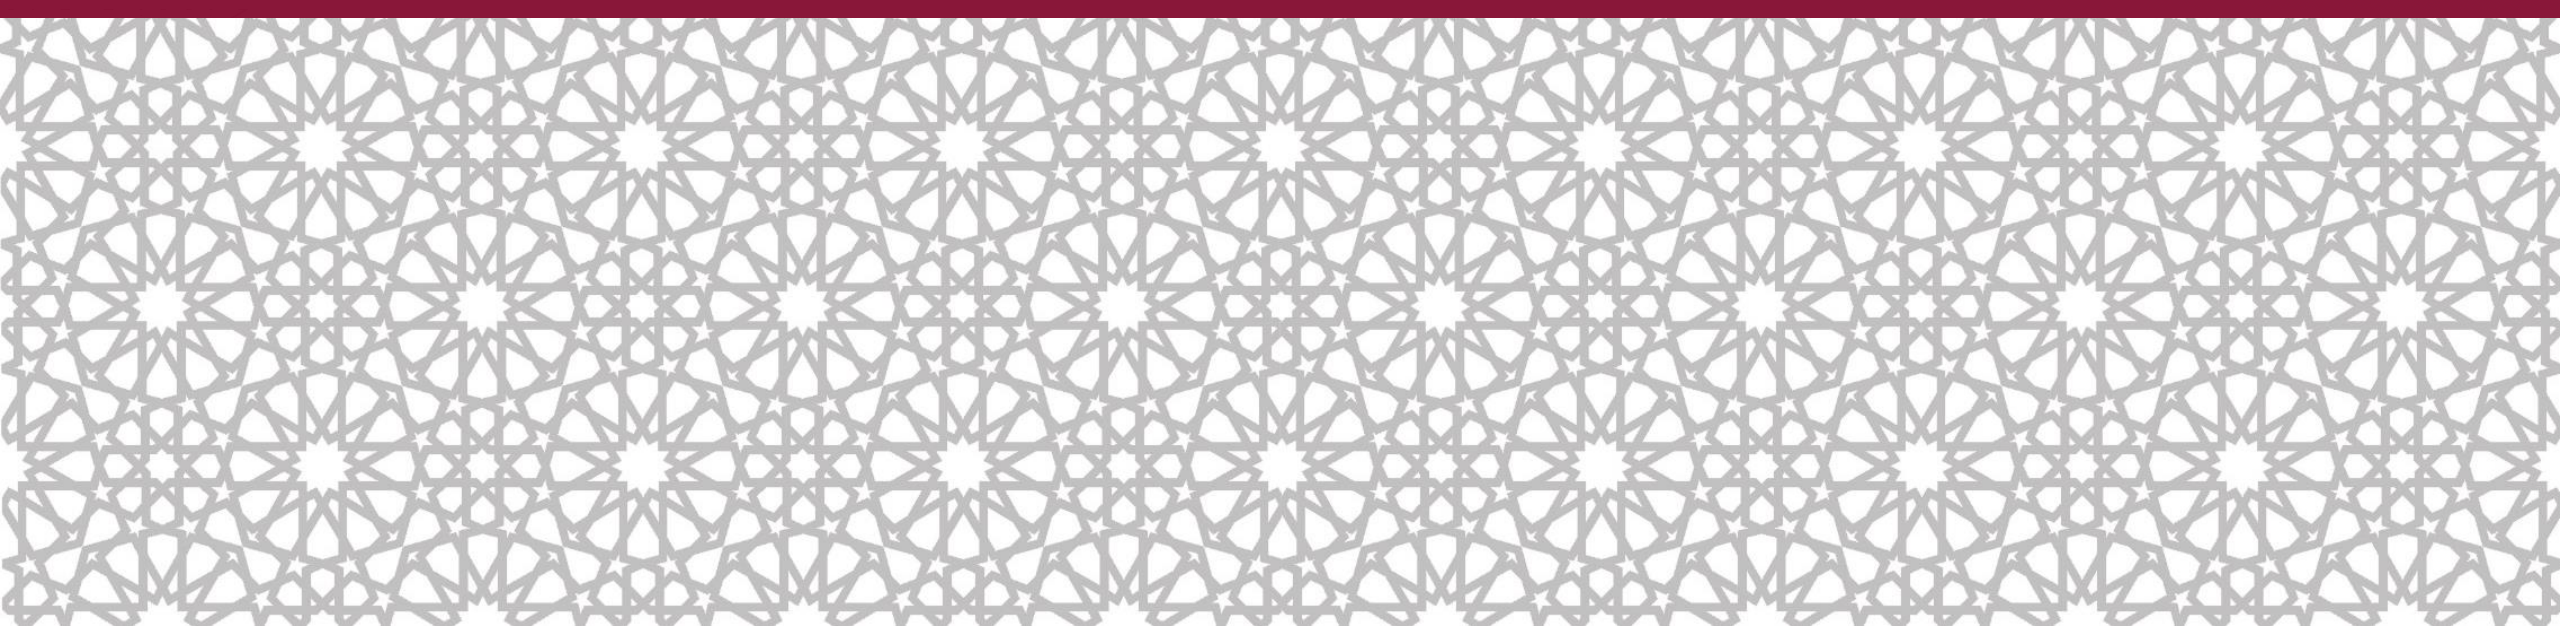

During last 42 years QDC and its staff, living and working within the community in Qatar, have come to understand local issues & stakeholder pressures, and collected a vast data base on local industry. This, together with best international practices and highly skilled human resources enable QDC to deliver design & engineering solutions that are socially relevant while incorporating latest technology and providing best value for money. Hereafter, we will continue to refine our efforts in imbibing the sustainability context across our business, in a way to ensure that our services are as effective and efficient as possible in delivering value to the ecosystem we provide our services.

About QDC

Introduction

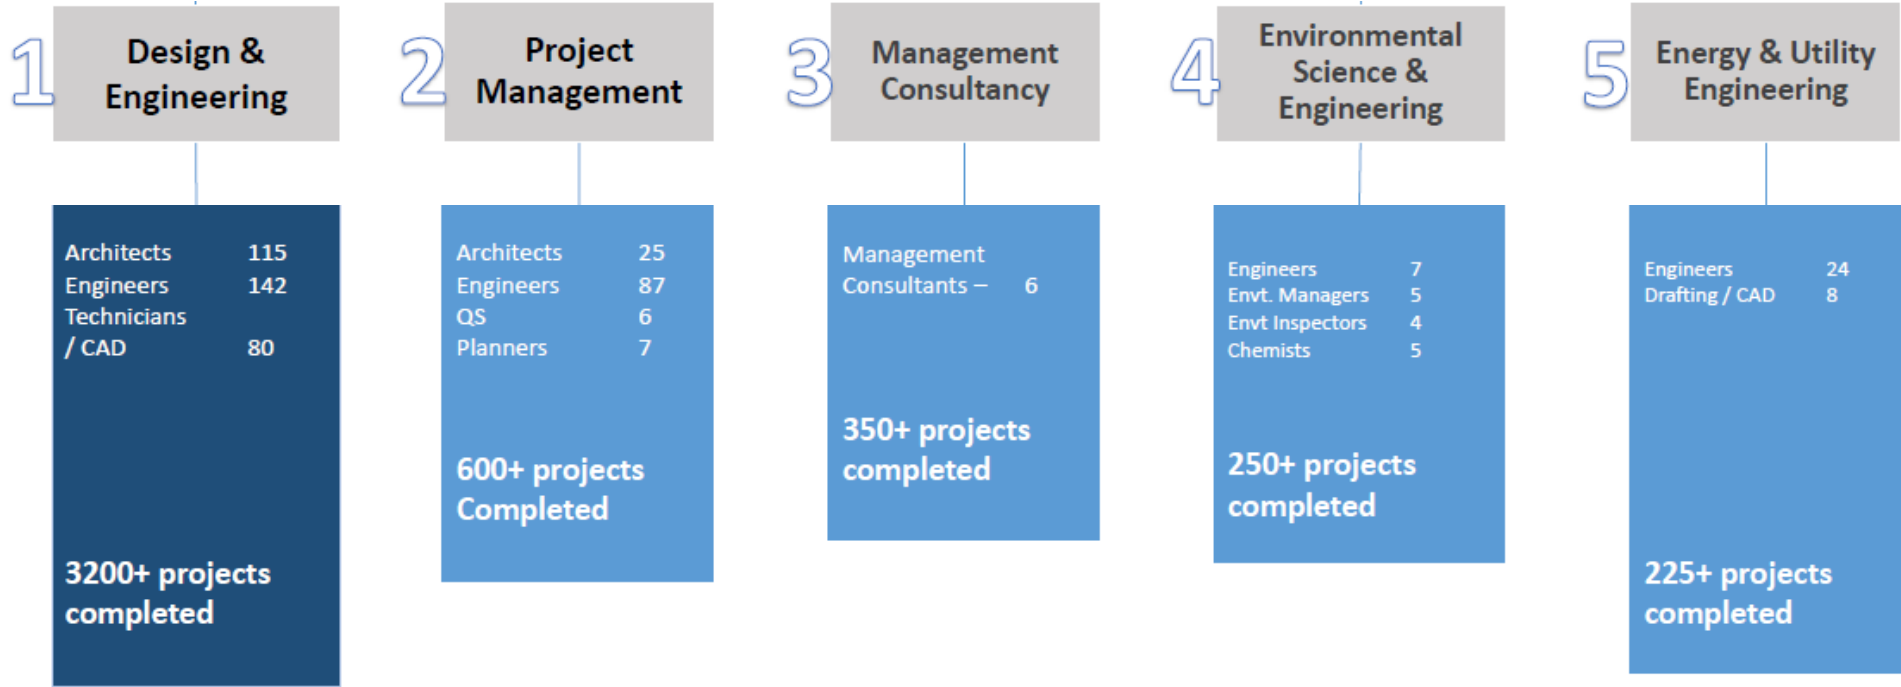

- QATAR DESIGN CONSORTIUM (QDC) is a leading Consultancy firm offering high quality services in Architecture, Engineering, Project Management and allied services.
- QDC operates from a state of art office, spread over 35000 Sq. ft. located in Central Doha, with about 500 highly qualified, experienced and full time professionals with varied expertise including Building Information Modeling.
- QDC has successfully delivered projects in the field of infrastructure and buildings including High Rise Towers, Commercial Complexes, Hotels, Hospitals, Housing Developments, Townships, Office Buildings and Sports Facilities like stadiums and training fields to name a few.

Our mission is to provide high quality services to our Clients and to be profitable in the process. We will maintain excellence, respect, and integrity in all aspects of our operations. We will maintain highest ethical standards in our relationships with clients, contractors, suppliers and employees.

QDC Divisions

Introduction

Services offered at a glance

Services Offered

- Master Planning / Urban Design
- Architecture
- Interior Design
- Landscape & Hardscape
- Civil & Structure
- Roads And Infrastructure
- Building Services Engineering
- Quantity Surveying
- Project Management & Construction Supervision
- Environmental Studies
- Transport Planning
- Building Information Modelling (BIM)
- Sustainable Design (LEED / GSAS)
- Value Engineering
- Local Authority Approvals / Architect Of Record Services
- Energy & Utility Engineering (Oil & Gas)
- Management Systems Consultancy

Architectural Design Consultancy

Services Offered

Architectural Design | Urban Design | Landscape Design | Interior Design

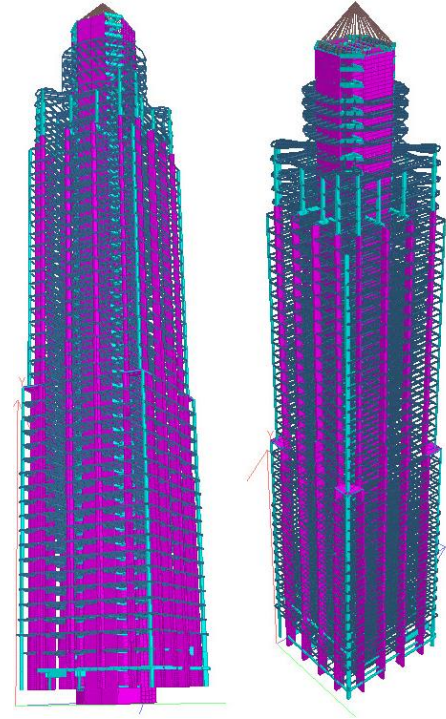

- Site Selection, Evaluation and Analysis
- Project Brief and Feasibility Study
- Preliminary Design, Report and Presentation
- Detailed Design and Reports
- Calling Tenders and Tender Analysis Report
- Presentation Drawings, Walkthroughs & Animation
- Architectural Scale Models
- Building Information Modeling upto 5D
- Architects on Record
- Regional Planning and Master Plans
- Urban Design & Applications
- Zonal Development Plan
- Heritage & Conservation
- Redevelopment & Revitalization
- Townships / Housing/ Labour Camps/ Low cost Housings
- Infrastructure Architectural Design
- Sports and Stadia Architectural Design
- Industrial Architecture

Structural Design and Civil Engineering

Engineering Consultancy

Services Offered

- Structural Analysis
- Structural Engineering
- Civil Engineering
- Infrastructural Engineering
- Valuation
- Repairs and Rehabilitation Consultancy
- Hydrology, Hydraulics & Drainage
- Highways, Expressways & Tollways
- Stability Certification
- Third Party Checks
- Bar Bending schedule / Reinforcement Detailing
- RCC/ Steel / Timber Structure Design
- Structure Modelling
- Peer Review Services

Building Services Engineering

Engineering Consultancy

Services Offered

Electrical Design Services:

- Electrical & Low Current Systems Design
- [Electrical Schematics / Single Line Diagrams](#)
- Lighting Layouts & Lux Level Calculation
- [Electrical Network Design](#)
- Protection
- [Lightening Protection System](#)
- Telecommunication System
- [IT /Data Cabling](#)
- Security Systems - CCTV, Access Controls
- [Fire Alarm Systems](#)
- Public Address System
- [Building Management System \(BMS\)](#)
- Authority / Kahramaa & Civil Defense Design approvals.

HVAC Design Services

- Feasibility studies
- [Heat load calculations](#)
- Duct work Sizing & Layout Systems Design and Drafting Design Criteria
- [Equipment Selection, Duct Sizing and Piping Layout.](#)
- Fire Fighting System Design to NFPA standards
- [Authority approvals](#)
- Pipe Layout & Design

Plumbing and Drainage System Design

- Domestic Cold & Hot Water Supply
- [Waste Water | Sewerage | Drainage Design](#)
- Surface Drainage
- [Rain Water Harvesting](#)
- Pump Sizing & Equipment Selection

Quantity Surveying

Services Offered

- Feasibility Studies
- Cost Monitoring & Control Contract Documentation
- Bill of Quantities
- Budget Estimating
- Detailed Cost Estimates
- Tender Reports
- Interim Payments To Contractors
- Final Accounts
- Life Cycle Costing
- Arbitration- Independent Referee Services
- Contract Procurement
- Cost Planning
- Client Representative
- Fire Damage Loss Assessments
- Value Engineering & Management
- Contractual Disputes Risk Management
- Facilities Management

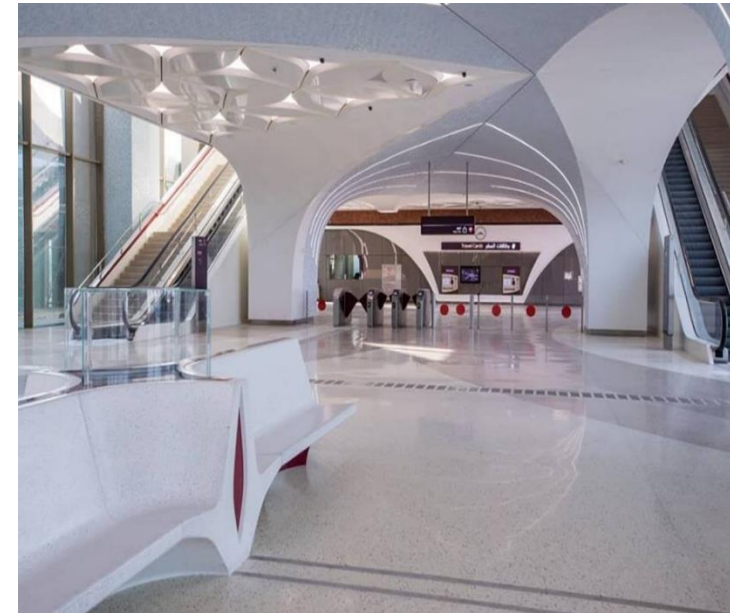

Project Management and Construction Supervision

Services Offered

Project Management | General Supervision | Site Supervision | QRC Services

Snapshot of QDC Project Management Capabilities

- About 150 Professional Staff
- [One of largest & pre-eminent PM/CS team in Qatar](#)
- Well-conversant with Site Management, Cost Control, Quality Control, Budget, Time Schedule, Quantity Surveying, Testing & Commissioning and successful handing over of the project
- [Diverse project & services portfolio](#)
- Implementation of Project Objectives
- [Implementation of Safety Guidelines in Workplace](#)
- Proven methods/ procedures for quality assurance and control
- [Proactive follow up for completion of projects on time and to the required quality](#)
- Extensive experience of managing complex situations with various participants, ranging from Green Field Projects to Interior Fit-outs, Refurbishments, Revitalization projects and Building Construction Progress Monitoring assignments.

Project Management and Construction Supervision

Services Offered

Project Management | General Supervision | Site Supervision | QRC Services

- Proactive Management of Design Consultants, Contractors, Vendors, and overall delivery
- Continuous mitigation of risks through project lifecycle. Project goals & objective definition
- Client representative Services and Contract Administration
- General Supervision & Site Supervision
- Arrange feasibility studies & reports
- Develop project strategies
- Prepare progress reports
- Develop Design Consultant brief
- Establish management structures Co-ordinate design processes Appoint consultants for projects Constructability review
- Contract Documentation
- Organize contractor pre-qualifications
- Assist in evaluation of tenders, contract or selection and appointment
- Establish control systems and communication and reporting systems
- Monitor overall project progress

Project Management and Construction Supervision

Services Offered

Project Management | General Supervision | Site Supervision | QRC Services

- Arrange Project Meetings
- Issue Recommendation For Payments
- Establish QA/QC Requirements
- Establish Health & Safety Procedures
- Establish Environmental Procedures
- Monitor Project Budgets & Variation Orders
- Develop Project Final Accounts
- Arrange Pre-commissioning & Commissioning
- Arrange Authority Inspection Approvals & Completion Certificate
- Organize Project Handovers & Maintenance Manuals
- Plan for Maintenance Programs | Staff Training
- Value Engineering

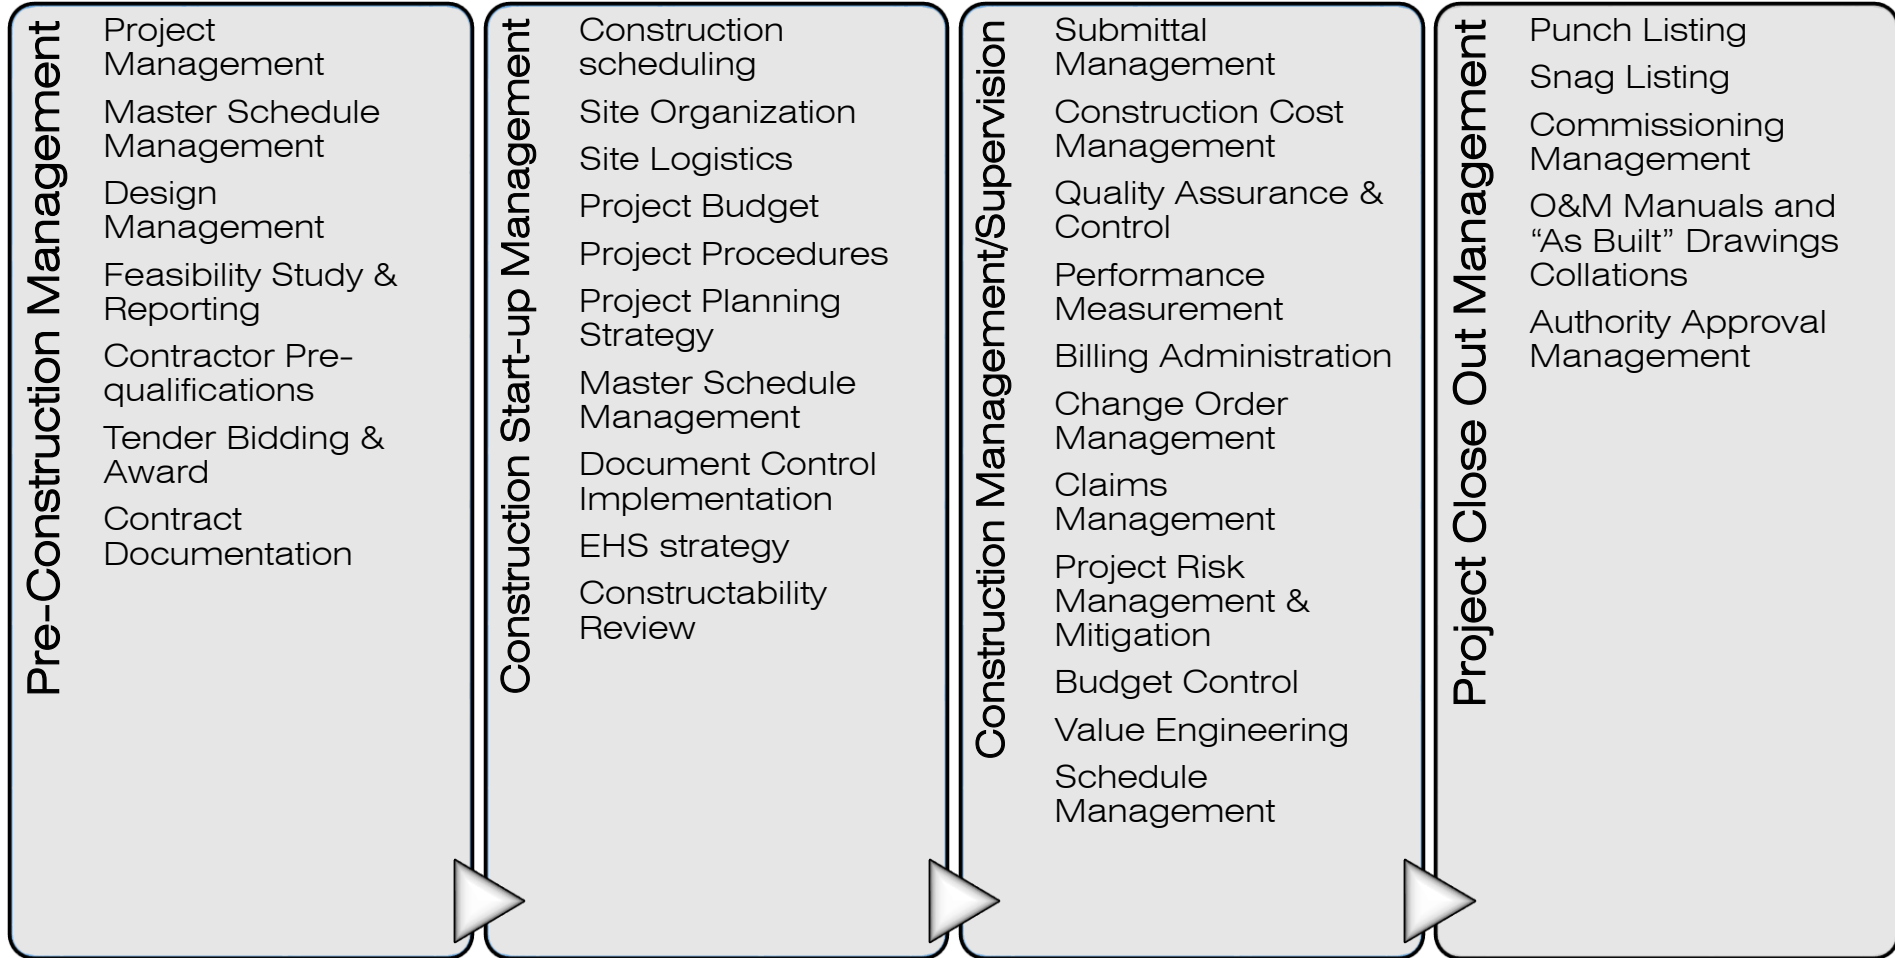

Project Management and Construction Supervision

Services Offered

Project Management | General Supervision | Site Supervision | QRC Services

Broadly, envelope of work as PM/CM Consultant undertaken could be categorized as below:

Management Consultancy

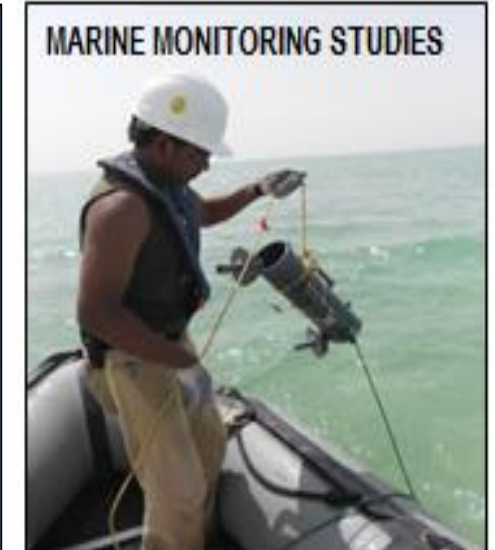

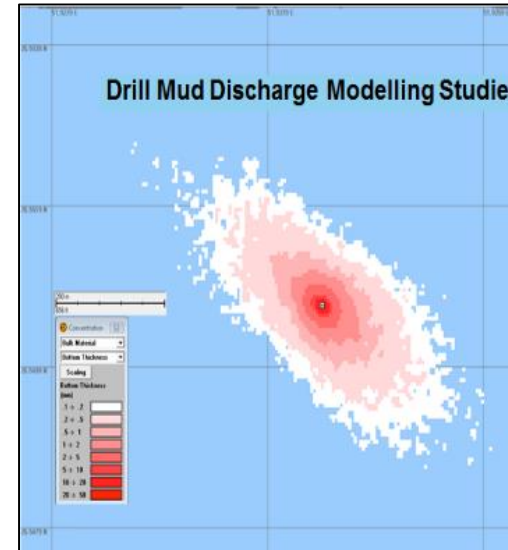

Services Offered

- [Gap Analysis Documentation Preparation](#)
- Implementation of Management Systems
 - ISO 9001 - Quality Management System (QMS)
 - ISO 14001 - Environmental Management System (EMS)
 - ISO 45001 - Occupational Health & Safety (OHS) Management System
 - ISO 17025 - Laboratory Management System
 - ISO 22000 - Food Safety Management System
 - ISO 27000 - Information Security Management System (ISMS)
- [Internal Audits](#)
- Facilitation for External Audits Facilitation for Certification Process Mapping
- [Awareness Training](#)
- Auditor Trainings - Internal & Lead

Environmental Engineering Services

Services Offered

- Environmental Impact Assessments studies at Industrial and Infrastructural development projects
- Environmental Permitting Process Support (Documentation / Monitoring / IPCS Designs)
- Environmental Baseline Monitoring (Air Quality / Meteorology / Noise & Vibration / Water / Soil)
- Stack Emissions Monitoring
- Air Pollutant and Noise Dispersion Modeling (AERMOD & CALPUFF)
- Fugitive Emission Studies at Industrial Process and Tank Farm Facilities
- Hazardous Waste Management Studies and Implementation Consultancy
- Liquid Waste Treatment Plant Consultancy (Design, Construction Supervision, Commissioning, SOP documentation and Training)
- Wastewater Treatment Plants Performance Evaluation Studies
- Advising and Contractual supports at Operation and Maintenance of WWTP (Industrial/Sewage)
- Environmental Auditing and Due Diligence at industrial operations
- Environmental Training at Industrial and Infrastructure Construction sites,
- Technical Support in Establishing and Optimizing Environmental Laboratory Facilities
- Air shed Management and Odour Studies

Energy and Utility Engineering

Design and project management professional dedicated to oil and gas industry

Services Offered

- Process Engineering
- Piping Engineering
- Mechanical Engineering
- Electrical Engineering
- Civil and Structural Engineering
- Instrumentation Engineering
- Loss Prevention Engineering

Transport Planning and Design Consultancy

Services Offered

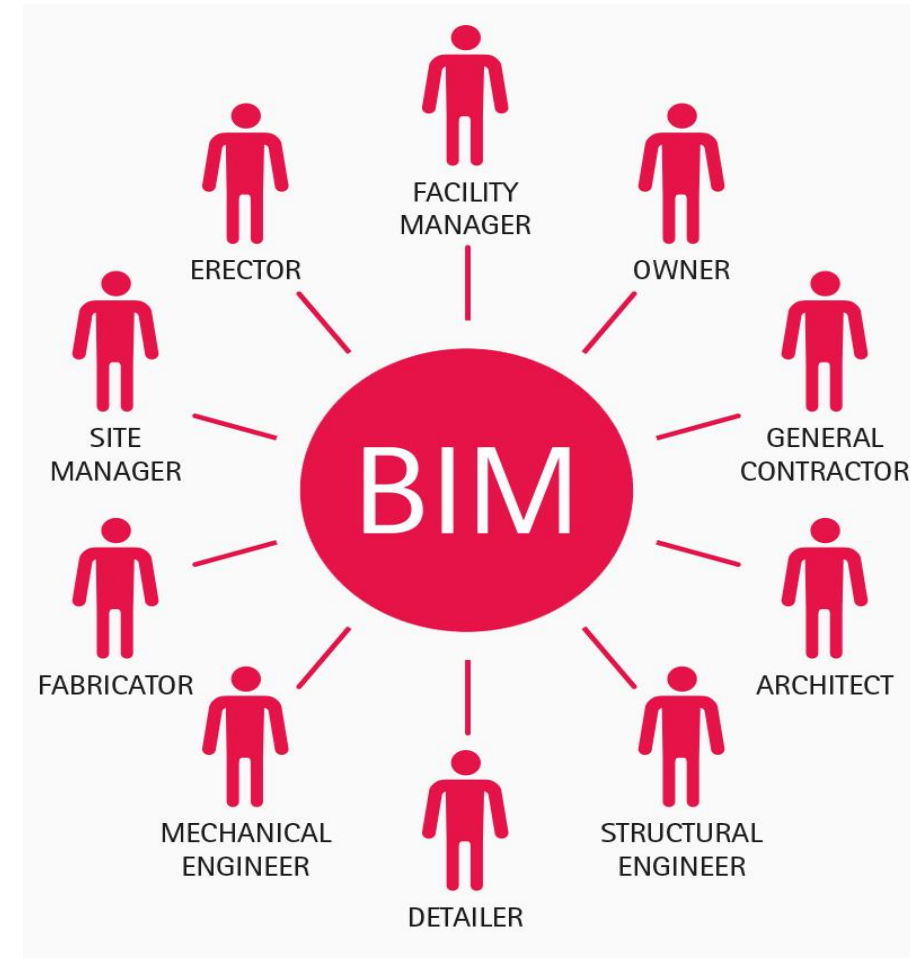

- Traffic Analysis
- Traffic Studies and Forecasting
- Development Planning
- Traffic Circulation & Management strategies
- Pedestrian Modelling and Crowd Management Strategies
- Traffic Impact Study
- Traffic Modelling (VISUM, VISSIM, SYNCHRO, SIDRA & HCS)
- Public Transport Planning
- Accessibility Planning and Designing
- Sustainable Transport Strategies
- Inclusive Mobility
- Parking Policy, Pricing, Strategies and Masterplan Development
- Transport Event Management Strategies and Planning
- Liaising with Stakeholders and Government bodies.

Building Information Modelling

Services Offered

- BIM Planning and document setup.
- 3d Model Development:
 - Architectural Modeling (LOD-100 to LOD 500)
 - Structural and Steel Modeling (LOD-100 to LOD 500)
 - MEP-Complete Mechanical, Electrical and Plumbing Modeling (LOD-100 to LOD 500)
 - Landscape Modeling (LOD-100 to LOD 500)
 - Point Cloud Modeling
- Energy Analytical Models (Concept and Detailed)
- Building Simulations
- Clash Detection
- 4D sequencing with time schedule
- BOQ Generation and Validation
- Design and Construction Documentation
- Families and Content Creation
- 3d walkthrough and Visualization
- Operations and management support
- Facility Management Support.

Sustainable Design & Sustainability Consultancy Services

Services Offered

Sustainable program in place - creating green design solutions

- Feasibility Studies for Green Building Certification
- **Gap Analysis**
- Sustainable strategies
- **Energy Simulations**
- Energy efficiency
- **Water efficiency**
- Indoor Environmental Quality
- **Design Innovation**
- Registration of projects for LEED, GSAS, and CEEQUAL accreditation.
- **Facilitating LEED, GSAS & CEEQUAL accreditation**
- Sustainability Reporting in accordance with GRI and other Sustainability Reporting Standards

Architect of Record Services

Services Offered

Collaborative approach: Advisory to International Firms being Locally established consultants

- Advising on the requirements of the Building Permit process in Qatar
- Advise & assistance in preparing the Building Permit Application
- Translation & Advisories of Arabic Documents
- Lodging Permit Applications on behalf of Owner
- Review of documents to check compliance with local statutory regulations
- Validation of Drawings
- Liaison with Local Authorities
- Statutory Supervision | General supervision of construction
- Design Undertakings
- Professional Liability

QDC's adherence to UNGC's 10

Human Rights

- *Businesses should*
- **Principle 1** support and respect the protection of internationally proclaimed human rights
- **Principle 2** make sure that they are not complicit in human rights abuses

Labour Standards

- *Businesses should*
- **Principle 3** uphold the freedom of association and the effective recognition of the right to collective bargaining
- **Principle 4** the elimination of all forms of forced and compulsory labor
- **Principle 5** the effective abolition of child labor
- **Principle 6** the elimination of discrimination in respect of employment and occupation.

Environment

- *Businesses should*
- **Principle 7** support a precautionary approach to environmental challenges
- **Principle 8** undertake initiatives to promote greater environmental responsibility
- **Principle 9** encourage the development

Corruption

- *Businesses should*
- **Principle 10** businesses should work against corruption in all its forms, including extortion and bribery

Human Rights

- QDC respects Human Right Principles and adheres to its obligations to comply with related guidelines and principles promulgated by the State of Qatar.
- QDC has subscribed to and has been certified to adhere with the following international management system standards:
 - ISO 14001: 2015 – Environment Management System (EMS)
 - ISO 9001: 2015 – Quality Management System (QMS)
 - ISO 45001: 2018 – Occupational Health and Safety (OHS) Management System
 - ISO 10002: 2014 – QMS – Customer Satisfaction
 - ISO 50001:2018 – Energy Management
 - ISO 27001:2017 – Information Security
- Integrated Management System (IMS) of the company integrates the procedures supporting the Human Rights in line with the Qatar Labor Laws
- IMS undergoes Management Review twice in a year, wherein all objectives and targets are reviewed and where required corrective measures are taken. Also, the effectiveness of the IMS is audited through internal and external auditors.

Labour

- QDC adheres to its obligations to be in full compliance with Labour Law of Government of Qatar.
- QDC respects the Gender Equality. Recruitment at QDC is purely based on Candidate's competency for the specified Job and is always in compliance with the Qatar Labor Laws
- In line with the requirements of Qatar Labour Laws, each employee has signed employment contract with QDC top management, which enlists roles and responsibilities, salary and entitlements and other terms and conditions of the employment at QDC.
- Integrated Management System (IMS) of the company undergoes Management Review twice in a year, wherein all objectives and targets set in the management system are reviewed and where required corrective measures are initiated. Also, the effectiveness of the IMS is audited through internal and external auditors.

Environment

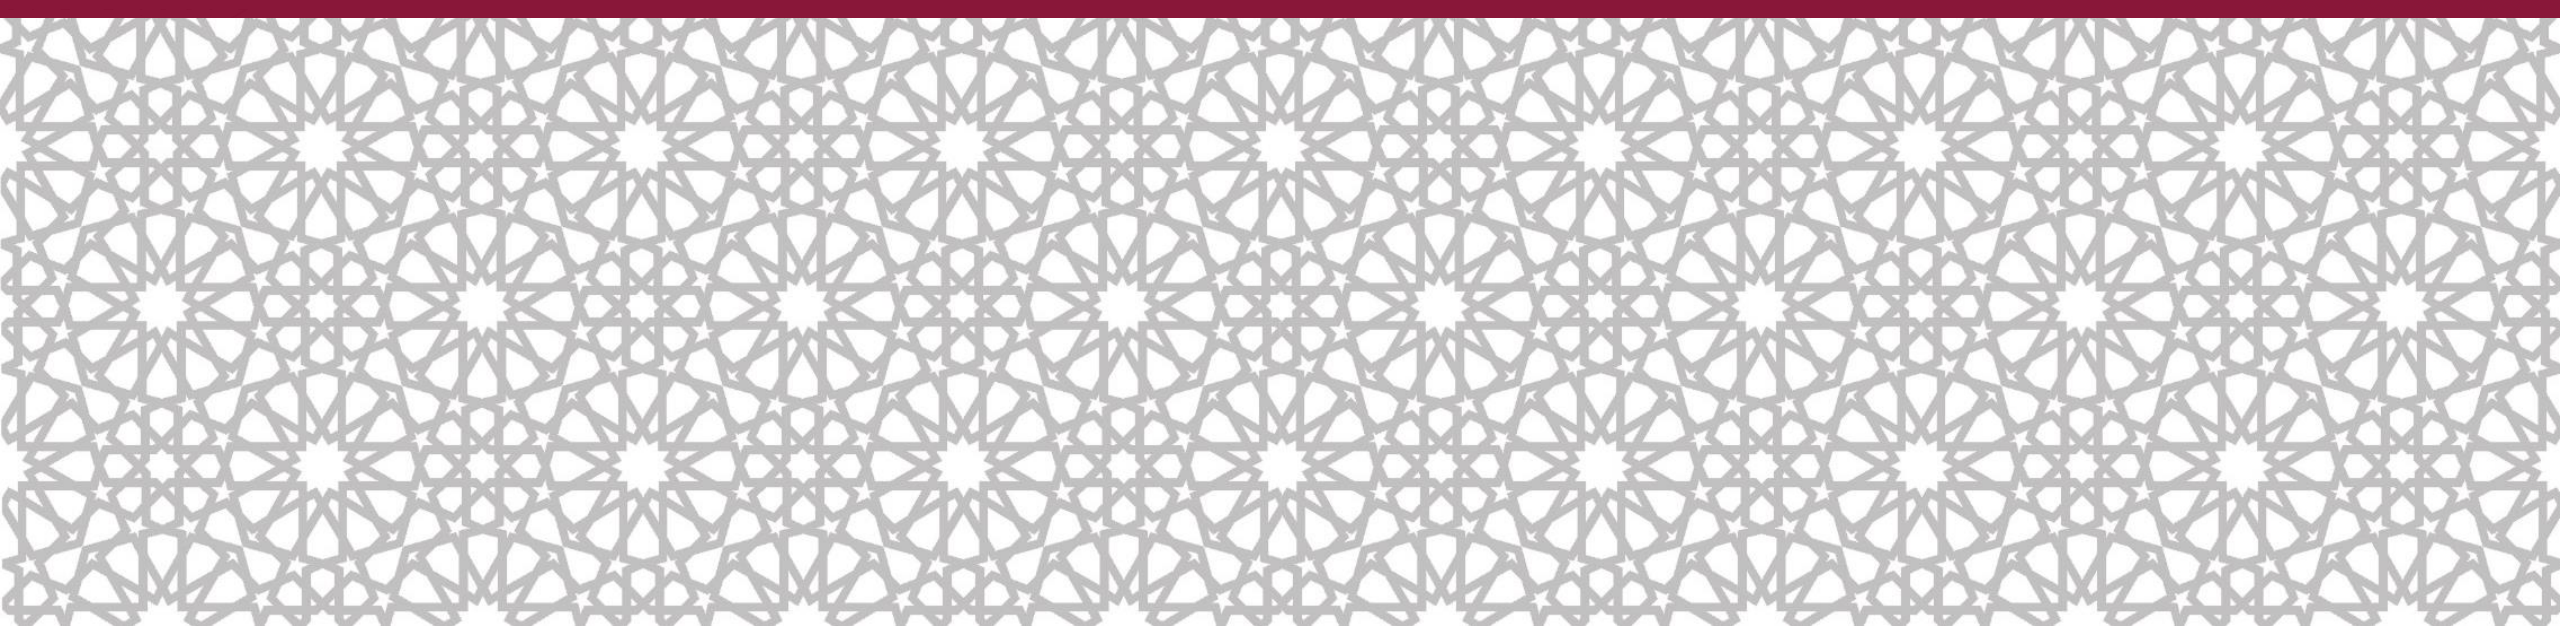

Anti-Corruption

- QDC IMS Policy articulates its commitment by stating “ The Organization Shall be committed to protect the environment, prevent pollution, reduce waste of resources by implementing effective environmental management program for its activities.”
- QDC makes all endeavor to propagate precautionary approaches in areas of influence of its services. We organize environmental awareness campaign for our staffs throughout the year, especially on World Environment Day, Earth Day, World Water Day etc.
- QDC provides Green Building (GSAS/ LEED) consultancy, which essentially promotes adoption of environmentally acceptable in construction and operation of a proposed development.
- Our environmental division, as part of its services, assess the potential environmental impacts of existing or proposed development and advises the clients to adopt Environmentally benign best available technology(ies).

QDC does not support corruption in all its forms and believes and practice in corruption free environment.

Sustainable Development Goals at C

1. The UN-SDGs and their relevance to the QDC's Core Services
2. Embodiment of UN-SDGs in one of our Projects

QDC Core Areas of Services and SDGs

- In September 2015 Heads of State and Government from across the world agreed to set the world on a path towards sustainable development through the adoption of the 2030 Agenda for Sustainable Development, which includes 17 Sustainable Development Goals, or SDGs — all to be achieved by 2030. The goals provide a framework for shared action “for people, planet and prosperity,” to be implemented by “all countries and all stakeholders, acting in collaborative partnership.”
- QDC recognizes the significance of and ways to adopt SDGs. Furthermore, we understand the essence of engineering solutions to urban (buildings, infrastructure, and landscaping) and industrial development, which are being and will continue to be central to determining the quality of life for a rapidly growing human population and the health of the planet as a whole.
- During delivery of our services to our valued customers, we explore all the opportunities to embed sustainability in our solution and align them with one or more of the 17 UN-SDGs.
- QDC makes significant and direct contribution to many SDGs, essentially by supporting our customers to develop livable buildings and infrastructure that prioritize social, environmental and economic sustainability.

UN-SDGs

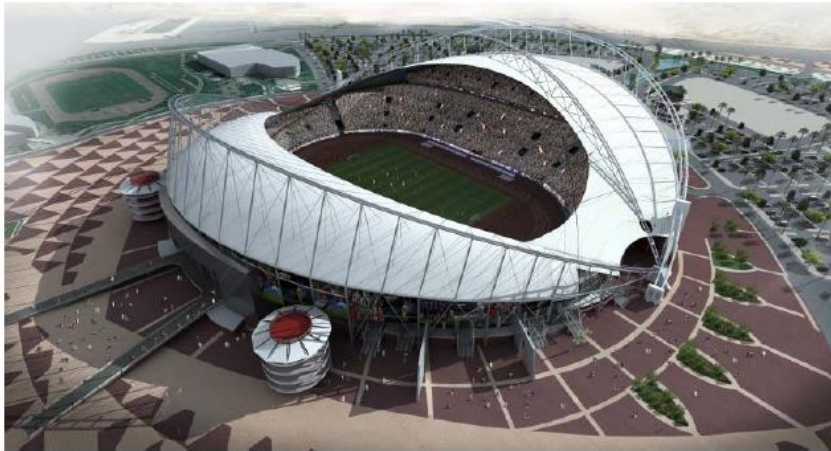

The infographic displays the 17 UN Sustainable Development Goals (SDGs) in a grid format. Each goal is represented by a colored square with a white icon, a number, and a title. Below each icon is a brief description of the goal. The goals are arranged in four rows: the first row has 5 goals, the second and third rows have 5 goals each, and the fourth row has 2 goals followed by the 'Sustainable Development Goals' logo.

1 NO POVERTY 	2 ZERO HUNGER 	3 GOOD HEALTH AND WELL-BEING 	4 QUALITY EDUCATION 	5 GENDER EQUALITY
Goal 1: End poverty in all its forms everywhere	Goal 2: End hunger, achieve food security and improved nutrition and promote sustainable agriculture	Goal 3: Ensure healthy lives and promote well-being for all at all ages	Goal 4: Ensure inclusive and quality education for all and promote lifelong learning	Goal 5: Achieve gender equality and empower all women and girls
6 CLEAN WATER AND SANITATION 	7 AFFORDABLE AND CLEAN ENERGY 	8 DECENT WORK AND ECONOMIC GROWTH 	9 INDUSTRY, INNOVATION AND INFRASTRUCTURE 	10 REDUCED INEQUALITIES
Goal 6: Ensure access to water and sanitation for all	Goal 7: Ensure access to affordable, reliable, sustainable and modern energy for all	Goal 8: Promote inclusive and sustainable economic growth, employment and decent work for all	Goal 9: Build resilient infrastructure, promote sustainable industrialization and foster innovation	Goal 10: Reduce inequality within and among countries
11 SUSTAINABLE CITIES AND COMMUNITIES 	12 RESPONSIBLE CONSUMPTION AND PRODUCTION 	13 CLIMATE ACTION 	14 LIFE BELOW WATER 	15 LIFE ON LAND
Goal 11: Make cities inclusive, safe, resilient and sustainable	Goal 12: Ensure sustainable consumption and production patterns	Goal 13: Take urgent action to combat climate change and its impacts	Goal 14: Conserve and sustainably use the oceans, seas and marine resources	Goal 15: Sustainably manage forests, combat desertification, halt and reverse land degradation, halt biodiversity loss
16 PEACE, JUSTICE AND STRONG INSTITUTIONS 	17 PARTNERSHIPS FOR THE GOALS 			
Goal 16: Promote just, peaceful and inclusive societies	Goal 17: Revitalize the global partnership for sustainable development			

Embodiment of UN-SDGs in one of our Projects

UN-SDGs

MODIFICATIONS IN KHALIFA INTERNATIONAL STADIUM (KIS) TO COMPLY WITH FIFA 2022 REQUIREMENTS

Khalifa International Stadium (KIS) is Qatar's National Stadium, designed as a multipurpose facility to host Athletic events as well as Football.

The stadium is an existing facility and it will be one of the venues to host the FIFA World Cup Qatar 2022. This project aims at modification works to upgrade the stadium to comply with FIFA World Cup Qatar 2022 requirements.

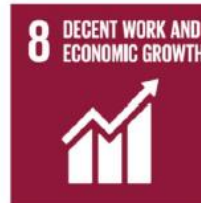

Role:
Lead Design Consultants
Scope:
Architecture,
Mechanical Engineering,
Electrical engineering,
ELV engineering,
Structural engineering,
Crowd study.

KIS is part of a sports complex with a number of indoor and outdoor facilities for sporting events and training. This encourages active participation of people of all age groups in sporting activities which in turn enhances good health and well being.

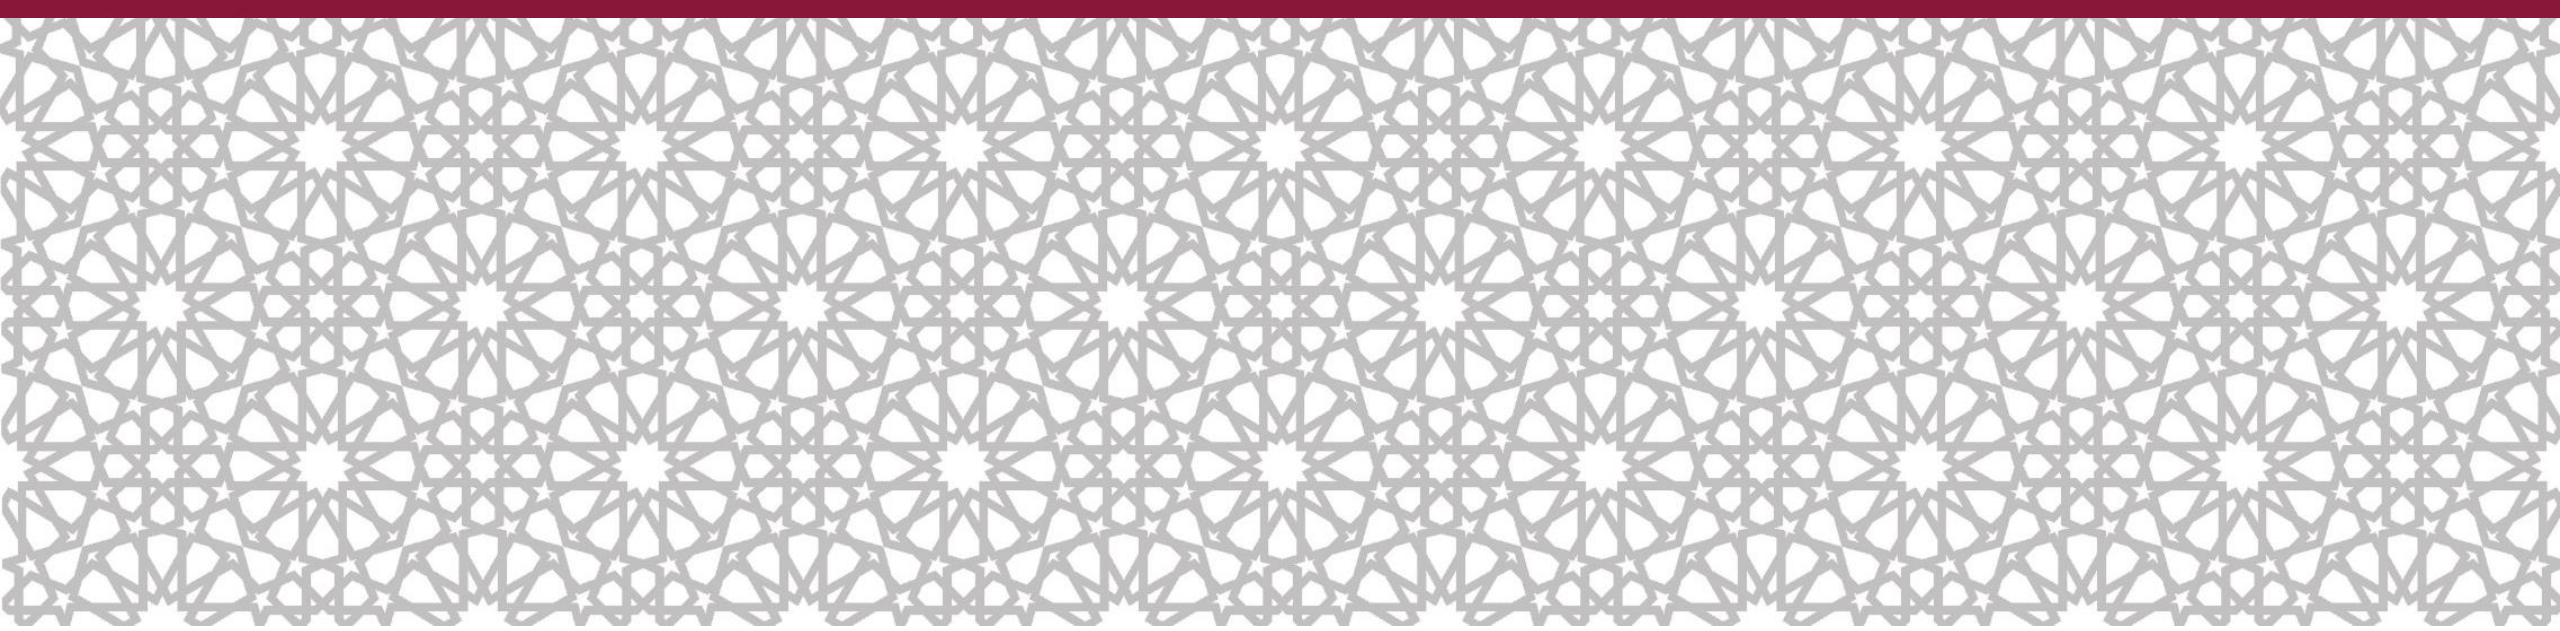

KIS and other sports facilities are accessible to women and girls for participation and also as spectators. Toilet facilities in KIS are upgraded to meet the male to female ratio of 65:35 as per FIFA requirements.

Modification works of KIS provide employment opportunities to a vast number of people of which a majority are expatriate workers. Proper training and facilities shall be provided to the employees which will enable them to work in the harsh climatic conditions of this region.

As this is an existing stadium, minimal modification works are planned to make it comply with FIFA World Cup Qatar 2022 requirements. Locally manufactured building materials and seats are being used in the modification works.

Community Engagement

 China will host the global World Environment Day celebrations
Theme-AIR POLLUTION

OUR PROGRAMME
MAY 30TH 2019 -09:30 AM TO 12 AM
 1) Poster Competition (Theme based)
 2) Quiz contest (9.30AM TO 10. 30AM)
 3) Knowledge Sharing Session

All the interested People are requested to register their name's with the ER's available on their respective work area. For your information the ER's available in different areas are listed below.
 Zone 01 - Sheena G babu, Hafiz, Jojo Abraham, Siji joy
 Zone 02 - Rainus, Dana, Muzammil, salma
 Zone 03 - Sajan, Nithin G.P, Nesmal T N
 Zone 04 - Nilanthy, Shymol, Preethe Jacob, Vinoh kumar
 Zone 05- Faheem N.M, Robin Pramt, Gopika

This is a golden opportunity for all of the QDC staffs to establish their concerns about the nature and express their views by being a part of this contest. So what are you waiting for ???
 Even if you do not wish to be a part of this contest, kindly attend the program and encourage all the other participants. Let the entire QDC be a part of this celebrations.

HOPE

"A ray of hope in the darkness of poverty"

It's time to lend a helping hand!

As part of Humanitarian day, Team ER is organizing a charity event in association with Red Crescent to help those who can't afford the basic necessities like food, clothing and shelter. As responsible members of the society, we are indebted to help the multitude of people in the world who cannot afford even a single piece of clothing.

Doing your bit can help thousands. So we request you to join hands to collect notebooks, used or new clothes and toys from your family and friends which will be handed over to Red Crescent. More details regarding this event will be sent to you soon.

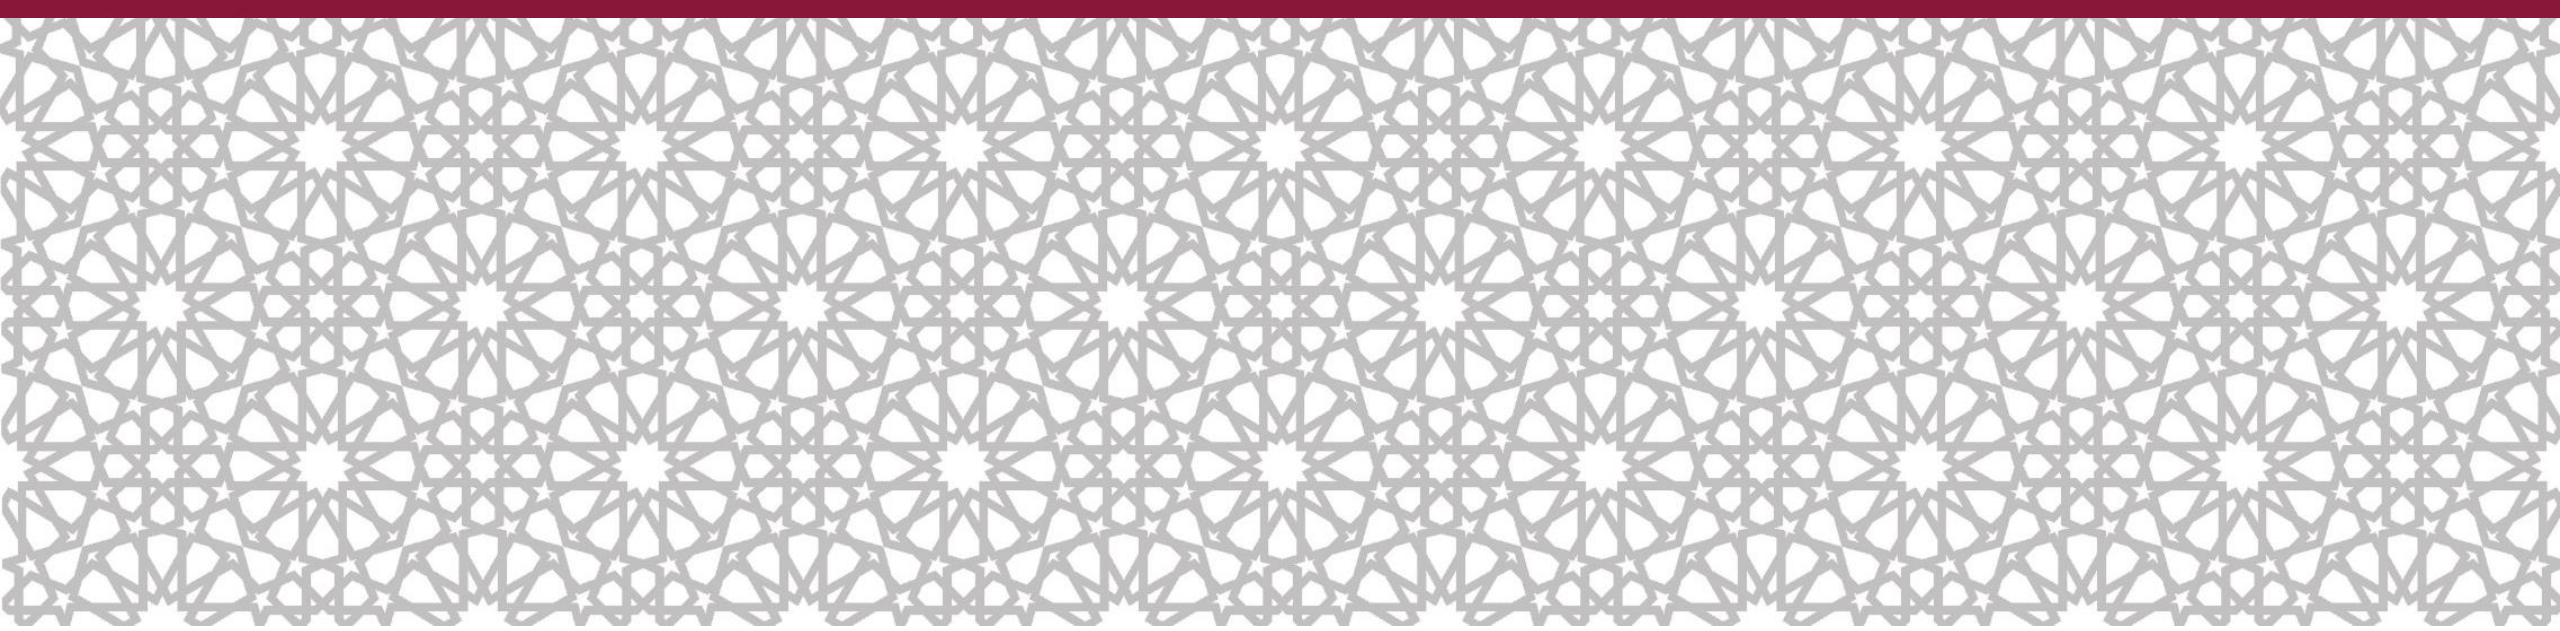

Let us start collecting and be the helping hand that brings hope into thousands of lives...

Let us gather our hands to bring hope back to Life...
