

September 4, 2019

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Engagement (COE) that comprises of a University President statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We finished creating our COE report, but we will have to edit it according to international standards before sharing and posting. These international reporting standards will be acquired during the training on reporting organized by Global Compact Network Lebanon (GCNL) scheduled (on September 6, 2019) a day after our submission due. We want to make sure that our report conforms to the international standards of sustainability reporting.

We hereby ask for an extension period in order to be able to post a COE that describes our University's efforts and progress to implement the principles of the UN Global Compact. Our new COE report will be posted on the UN Global Compact website by 2019/12/04 at the latest.

Sincerely yours,

Dr. Lara Khabbaz
