To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We have taken a while drafting, sharing, and publishing our COP report because the workload of the committees set up by our firm to deal with the UN Global Compact concerns has increased during the last year.

In view that we don't want to miss valuable work carried out by these committees, we hereby request an extension of the deadline in order to be able to publish our COP report describing the efforts and progress that our firm is making to implement the UN Global Compact principles. Our new COP report will be published on the website of the UN Global Compact by October 30<sup>th</sup> at the latest.

Sincerely yours,

**Mr. Arturo Ferrari**  
Communications manager
