REPORTING CYCLE ADJUSTMENT REQUEST

Dear Recipient,

We would like to ask for a reporting cycle adjustment to be in line with our annual sustainability reporting. We are reporting about our sustainability on a calendar year basis. We will be developing our sustainability reporting further and will start reporting step-by-step according to GRI as of year 2019.

We are planning on reporting our first CoP as part of our sustainability report. Therefore, we would like to ask for adjusting our reporting cycle so that we would submit our first CoP by the end of April 2020.

Kind regards,

Maria Nymander

Communications and Corporate Responsibility Manager
