This due diligence is re-done periodically – typically every third year – based on a risk matrix evaluation • Regular periodic audits of Huntsman sites

UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS

Building on the momentum of its Millennium Development Goals, in 2015 the United Nations set its sustainable development agenda for 2030 by publishing 17 Sustainable Development Goals (SDGs) and 169 targets supporting those goals. The World Business Council for Sustainable Development (WBCSD) asserts the SDGs can drive collaboration and harness the potential of the private sector to drive sustainable development.* Huntsman believes the chemical industry has a key role to play in progressing the SDGs and creating solutions for a sustainable future.
