## OUR RESPONSIBILITY

MARTIN BENCHER GROUP COMMUNICATION ON PROGRESS REPORT 2019

## Statement of continued support

September 21, 2019  
To our stakeholders

I am pleased to confirm that Martin Bencher (Scandinavia) AS reaffirms its support of the Ten Principles of the United Nations Global Compact and the UN Global Compact Sustainable development goals.

In this annual Communication on Progress, we describe our actions to continually improve the integration of the Global Compact and its principles into our business strategy, culture and daily operations. We also share this information with our identified stakeholders using our primary channels of communication.

Sincerely yours,

Peter Thorsoe Jensen  
CEO, Martin Bencher Group

# CORPORATE SOCIAL RESPONSIBILITY

**MARTIN BENCHER GROUP** wants to provide first class freight forwarding services to customers worldwide. Martin Bencher Group is an active player in the communities in which the Group operates.

Our objective is to develop our business with respect for, and in harmony with, our surroundings. We act with Integrity and Respect for others and the Environment.

MARTIN BENCHER GROUP operates with the following definition of Corporate Social Responsibility (CSR): CSR is defined as a set of activities undertaken by a company to operate in an economically, socially and environmentally sustainable manner.

In the case of MARTIN BENCHER GROUP, all principles, objectives and activities described in the Martin Bencher Standards are communicated and applied in all offices and followed by all employees at all times when at the workplace, jobsite or traveling on behalf of the Group.

MARTIN BENCHER GROUP has supported the UN Global Compact since 2013. The objective of this document is to communicate the progress made since then. We see this document continually developing as we acquire more knowledge and experience.

# OUR RESPONSIBILITY

**MARTIN BENCHER GROUP** is committed to demonstrating a high standard of integrity and corporate social responsibility worldwide.

We commit to behave ethically and contribute to economic and environmental development globally and locally by implementing and communicating ethical standards at our workplace and complying with international norms, the UN Global Compact and universal principles of human rights, labor, environment and anti-corruption.

MARTIN BENCHER has integrated the UN Global Compact's ten principles into the Martin Bencher Standards. MARTIN BENCHER is part of UN Global Compact's vision of a sustainable and inclusive global economy, which delivers lasting benefits to people, communities, and markets. This CSR Report includes our sixth annual Communication on Progress (COP) and is shared with our stakeholders using our primary channels of communication.

Our CSR Policy as well as our Martin Bencher Standards are valid for all MARTIN BENCHER GROUP offices worldwide and are reviewed continuously and, if necessary, revised in the light of legislative or organizational changes.

In addition to above, we also have been awarded a CSR Silver Medal from EcoVadis. This good result places Martin Bencher among the top 30% performers evaluated by EcoVadis.

We work in a competitive and challenging environment, and even more so as we expand into new markets. As a company and as individuals we are faced with financial, technical, commercial, and human challenges every single day.

In order to ensure lasting success, we must respond to these challenges by acting with integrity in our dealings with our customers, suppliers, colleagues, and other stakeholders.

I am making this commitment, and I am confident that Martin Bencher employees and other stakeholders will do the same - based on our values of being result-oriented, responsible and responsive.

Sincerely yours,

Peter Thorsoe Jensen  
CEO, Martin Bencher Group

# UNUN GLOBAL COMPACT

**MARTIN BENCHER GROUP** has supported the United Nations Global Compact. Global Compact is a strategic policy initiative for businesses that are committed to aligning their operations and strategies with ten universally accepted principles in the areas of human rights, labor, environment and anti-corruption.

In September 2015, the UN adopted 17 new Sustainable Development Goals to replace the previous Millennium Goals. The Sustainable Development Goals take a broad perspective and are relevant for all countries, rich as well as poor. For these goals to become reality, all countries, businesses and organizations should embrace whatever change is necessary. For Martin Bencher, the journey has already begun. While Martin Bencher supports all the Sustainable Development Goals, we focus our efforts towards the three goals, on which we can have the biggest positive impact: goals no. 3, 8 and 17.

# ENVIRONMENT

**MARTIN BENCHER GROUP** acknowledges the need for a responsible policy towards the environment. By applying our values, we strive to contribute to reducing the negative environmental impact on our local as well as global community. Martin Bencher works to influence our environmental impact through choice of suppliers used as well as modes of transport chosen.

Martin Bencher considers itself as part of both the local and the global community and wherever we trade we shall always comply to local legislation and we shall behave in an environmentally conscious manner.

Martin Bencher works proactively and continuously on environmental improvements and keeps staff and suppliers updated and motivated.

MARTIN BENCHER GROUP is an office-based freight forwarding provider. The nature of the operations makes the Group's environmental impact relatively small. The environmental impact of MARTIN BENCHER GROUP is instead mostly indirect through clients, partners, suppliers, etc.

We have local offices around the world that are encouraged to take an active part in the local community. This enables us to influence the environmental awareness and work of our stakeholders.

## WHAT WE HAVE DONE...

**MARTIN BENCHER GROUP** has implemented new ERP paperless system worldwide to support accounting and project management globally.

We have created Virtual Library - a paperless system where employees around the world can create their own presentations. The platform is also used for internal knowledge sharing.

We have created incident reporting in our QHSE management system regarding environmental hazards available to all employees worldwide.

Waste handle procedures has been implemented in all offices, locally. This to ensure that local legislation for each office is met.

## ...WHAT WE AIM TO ACHIEVE

**MARTIN BENCHER GROUP** aim is to continue the work to select suppliers and partners based on their ISO 14001:2015 environmental management system.

Another goal is to create a new tool to give us the result of the transport co2 emission when using our services.

## ANTI-CORRUPTION

### PRINCIPLE 10

*Businesses should work against corruption in all its forms, including extortion and bribery.*

# ANTI-CORRUPTION

**MARTIN BENCHER GROUP** adheres to a zero-tolerance policy on corruption. At Martin Bencher we will not tolerate any form of corruption or bribery.

The legal definition varies by legal jurisdiction, so Martin Bencher Group has adopted the following definitions in order to be clear with what it means in our organization.

**Martin Bencher Group bribery definition:** The offering, giving, soliciting, or acceptance of an inducement or reward which may influence any person to act morally or legally inappropriate.

**Martin Bencher Group anti-corruption definition:** the abuse of entrusted power for private gain. This definition captures three elements of corruption. One, corruption occurs in both the public and private sectors (and media and civil society actors are not exempt). Two, it involves abusing power held in a state institution or a private organization. Three, the bribe-taker (or a third party or, for example, an organization such as a political party) as well as the bribe-giver benefit, whether it be in terms of money or an undue advantage.

All employees are encouraged and obliged to raise concerns at the earliest possible stage about any indications of bribery and / or corruption. To report issues or concerns, please contact the CEO of Martin Bencher Group.

Any employee of Martin Bencher Group involved in corruption or bribery activities will be subject to sanctions and penalties aligned to the gravity of the offence. The strictest disciplinary measures will include termination of employment and reporting to the authorities for criminal investigation.

Martin Bencher's Anti-Corruption / Bribery Policy is valid for all Martin Bencher offices worldwide and will be regularly monitored to ensure that the objectives are achieved. It will be reviewed and, if necessary, revised in the light of legislative or organizational changes.

*"Martin Bencher Group adheres to a zero-tolerance policy on corruption. In many parts of the world, corruption and bribery is unfortunately both accepted and expected in business. However, Martin Bencher Group will not tolerate corruption or bribery in any form."*

- Peter Thorsoe Jensen  
CEO at Martin Bencher Group

## WHAT WE HAVE DONE...

**MARTIN BENCHER GROUP** will continue to train Martin Bencher Employees in the Martin Bencher Standards, which includes policies, procedures, and Good business behavior. In the Good business behavior, we have identified several scenarios for all employees to identify where the critical areas of corruption and bribery exist. As a part of supplier approval and evaluation our suppliers and partners must sign our Code of Conduct which also define Martin Bencher's zero tolerance policy on corruption and bribery.

## ...WHAT WE AIM TO ACHIEVE

**MARTIN BENCHER GROUP** will continue to have focus on our zero-tolerance policy for corruption, bribery and extortion.

Martin Bencher continue to implement CSR Code of Conduct for all our suppliers and partners. This is to ensure that all our suppliers and partners also live up to the high standards of Martin Bencher Group.

# SUSTAINABLE DEVELOPMENT GOALS

## UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS

**WHILE MARTIN BENCHER GROUP** supports all the Sustainable Development Goals, we focus our efforts towards the three goals, on which we can have the biggest positive impact: goals no. 3, 8 and 17.

### Goal 3: Good health and well-being

Through our ISO 14001 certification, we ensure the health and wellbeing of staff and stakeholders. Locally all offices identifies relevant health initiatives to implement, such as health checks, fruit at the office, health insurance, adjustable office furniture, and air-improvement devices at the office.

We have just received our Great Place to Work certificate based on an audit of our culture and an employee satisfaction survey.

### Goal 8: Decent work and economic growth

We have our MB standards and quarterly QHSE report to follow up on performance.

We have employee satisfaction surveys and performance reviews with all employees. Here we identify the need for new competences for the individual employees as wells as to develop the business.

### Goal 17: Partnerships for the goal

We have two strategic partnerships which enable us to contribute to sustainable global development.

First, our partnership with PLAN Børnefonden (member of Child Funds Alliances) gives us the possibility to support children and families in creating a better future through education.

Second, our support of WWF has guided our environmental commitments
