

Oslo 1 October 2019

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to organizational changes. We apologize for not delivering the report on time, but we look forward to sharing our efforts and progress, which includes that Nor-Shipping has been certified as the first in the maritime industry to ISO's sustainable event standard (ISO 20121).

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 31 December 2019 at the latest.

Sincerely yours
