To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the biannual preparation and posting of a Communication on Engagement (COE) that comprises a formal statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are in the midst of gathering and reporting on comprehensive data that reflects our institutional efforts to fully engage with the principles of the Global Compact. We will conclude that work in the next 90 days.

For this reason, we request a grace period in which to complete a COE that describes our organization's efforts and progress to implement the principles of the UN Global Compact. Our new COE will be submitted to Global Compact no later than January 9, 2020.

Sincerely,

Paul H. Benson, Ph.D.
