

Signature in support of the declaration of peace and cessation of the war (DPCW)

Heavenly Culture, World Peace, Restoration of Light (HWPL), an international peace organization with branches in 170 countries, was founded for global peace and cessation of war. Also, it is a non-governmental organization in Special Consultative Status with the UN Economic and Social Council (ECOSOC) and associated with the UN Department of Global Communications (DGC) and the Seoul Metropolitan Government. With the mission to achieve global peace through the heavenly culture and restore the world with light, HWPL is carrying out its peace movement around the globe, working with its partner, the International Women's Peace Group (IWPG), and its affiliate organization, the International Peace Youth Group (IPYG). Moreover, leaders of different countries are cooperating as the HWPL Peace Advisory Council, and experts from all walks of life are active as HWPL Publicity Ambassadors.

HWPL's peace movement will leave for future generations the greatest legacy—life instead of death and permanent peace instead of endless wars.

Since its foundation in 2013, HWPL has grown exponentially in terms of both supporters and influence worldwide. With peace as its core value, HWPL has operated a number of campaigns and events across the globe to unite individuals from all sectors and levels within society. Within only a few short years, HWPL has partnered with citizens and organizations from over a hundred countries in order to advocate peace on an international scale, particularly through the advocacy campaigns for an international law based on the Declaration of Peace and Cessation of War (DPCW). Through the hosting of annual events, such as the World Alliance of Religion' Peace(WARP) Summit and the Peace Walks commemorating the Declaration of World Peace, HWPL continues to gather additional support from individuals, civil society actors, national leaders, religious leaders, and others under the common goal of a world free of war and conflict. As more people are being awakened to this era of peace, the light of peace has continually brightened and spread like the first glimmers of dawn transforming into the full light of day. When the world unites with a single heart for peace under the values of heavenly culture that transcend divisive boundaries between communities, the flower of peace will soon bloom and peace will be left as a legacy to future generations.

In solidarity with HWPL, Participatory Human Rights Advancement Society has support The Declaration of Peace and Cessation of the War & signed the declaration on 25 May, 2019.

Signature in Support of the Declaration of Peace and Cessation of War

World peace and cessation of war is the world's most important mission of this time. The omnipresent, never-ending conflicts and their horrific results are not limited to one country but rather are intricately intertwined. Therefore, this world's condition requires a solution that surpasses ethnicity, religion, and nationality.

The 10 articles and 38 clauses of the Declaration of Peace and Cessation of War (DPCW) that Heavenly Culture, World Peace, Restoration of Light (HWPL) presented as the answer to peace approaches the cause, means, and mentality of war comprehensively; and is an answer that will not only cease war but also prevent conflict and maintain peace.

I agree with the values specified in the DPCW's 10 Articles and 38 Clauses and support the DPCW being developed into a legally binding document. Also, I agree and promise to do my best to present the DPCW's 10 Articles and 38 Clauses to the current president (head of state) for it to be officially supported on a national level.

*I Pledge to Celebrate With
HWPL to Advocate for Peace
and Cessation of War.*
