Organizational Background

...

Future Makers is a non-
governmental
Organization that brings
together the brightest
young people from around
the Sudan, empowering
them to make lasting
connections to create
positive change. It was
founded in 2012 by
service minded and
dedicated youth in the
state of Khartoum. The
Future Makers team has
now expanded with over
65 projects in all 18 states
of Sudan and more than
5,000 members
nationwide

The National Strategic Planning and Geopolitics experts is a group of academics and subject matter ¹
experts who volunteer, advice and support SFMO projects..

- Solving youth conflicts, increase understanding of different cultures and faiths and promote peace and coexistence.
- Develop skills to help local communities and deliver shared solutions in the form of local action.

Goals

Sudan currently faces a multitude of problems – poverty, poor health services, economic problems, social injustice, illiteracy, tribal and sectarian violence, and poorly developed economic infrastructure-despite its natural resource wealth. Human Capital is the corner stone of development that this organization is targeting, considering the huge amount of available resources, motivated youth and potential leaders in Sudan. The immediate aim of the organization is four-fold:

- Help mitigate the problems facing Sudan by building the capacity of youth who currently work in the non-governmental and non-profit sectors and whose work addresses such issues on a daily basis.
- Activating the role of youth in different areas of activism and standing on the execution of their developmental initiatives in order to create a positive impact and enable cooperation between them and the community as a whole.
- Combining efforts as well as finding a youth social movement in all States of Sudan by forming a unified vision which is the creation of a continuous positive impact in all areas of activism in Sudan (The Dream Document).
- Reflecting the effort of young leaders to potential supporters, decision makers and the community as a whole which increases the impact and success of their projects in the community. Also, motivate a larger portion of youth to contribute in such projects.
- Developing cultural relationships, supporting youth initiatives and creating a network with communities and organizations on a local, regional and international level.
- Building the capacity of youth, the unemployed, university students and those who have positive ideas and creations towards their community which builds on their ability to compete in labor market and the positive impact they can have on their community.

- Increase understanding of different cultures and faiths and promote peace and coexistence.

Our Objectives

- To involve young leaders from all over Sudan in resolving the most pressing economic and social problems of the moment.
- To build a network of youth lead –socially responsible and sustainable projects from around the Sudan that share a common vision (Dream Document) of making the Sudan a better place.
- Increase awareness about democratic norms and advocate for accountability and good governance.
- To establish an intercultural dialogue and increase understanding of different cultures and faiths and promote peace and coexistence.
- To build business partnerships and friendships.
- To enhance leadership practices among youth.
- Providing youth with the skills and capacities that qualify them to make a positive difference to their communities and lead in their best state possible.
- Guiding youth to leave a real positive imprint in society.
- Promotion of entrepreneurship to provide the best personal contributions to local communities.
- Create a link of cooperation and coordination between young leaders and the community including government, civil society and private sector. As well as international community and international organizations.

Our Programs

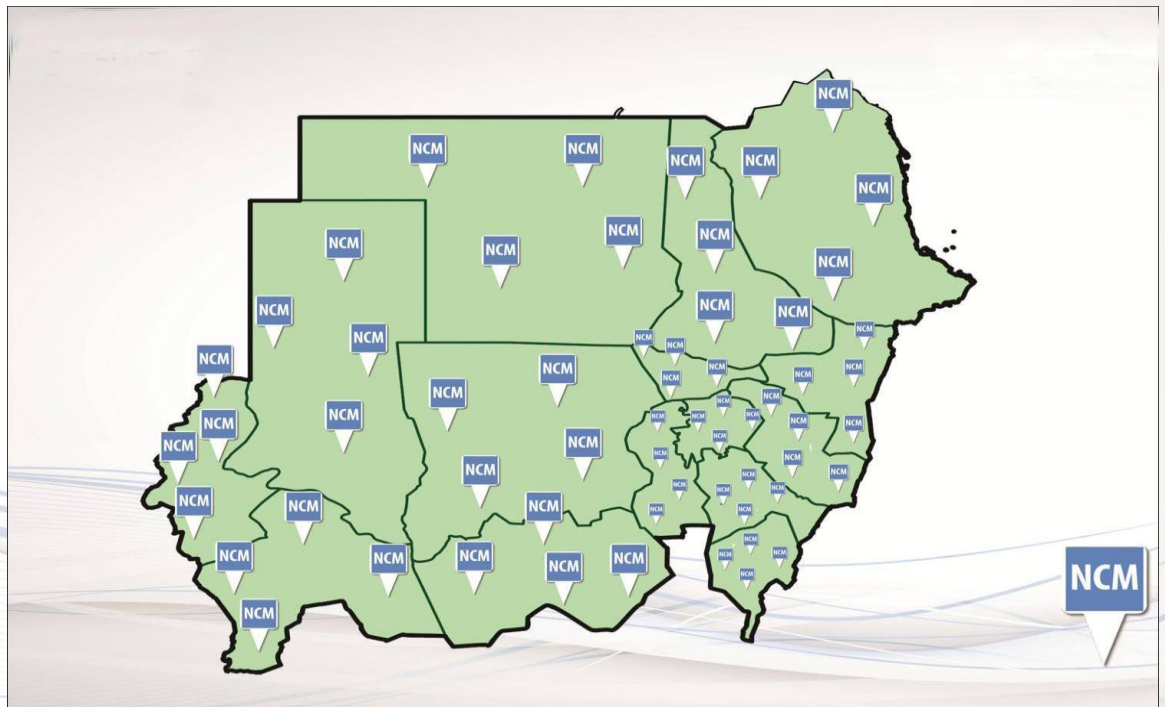

Futuremakers Family

It is a national project that brings together young people from a multitude of backgrounds to increase understanding of different cultures and faiths, promote peace and coexistence, develop skills to help local communities and deliver shared solutions in the form of local action. The project acts as the flagship project of SFMO and it's the main tool to creating the 'Sudanese Dream Document'; The document would provide a strategic framework and national vision for a peaceful and prosperous Sudan.

The project targets 60 change makers annually from all 18 states of Sudan, and covers the following 6 areas of activism:

1. Peace building and conflict resolution.
2. Human rights
3. Education
4. Environment
5. Health
6. Poverty mitigation

Sudanese Youth Summits: (SYS)

Social entrepreneurs and community activists will be selected to attend this activity. The direct goals of these gatherings are capacity building and forming a community of like-minded people pursuing the same goals so they can brainstorm obstacles facing their activism and create action towards fixing them. During summits we provide them with skills, contacts, opportunities that can help them execute their projects more easily.

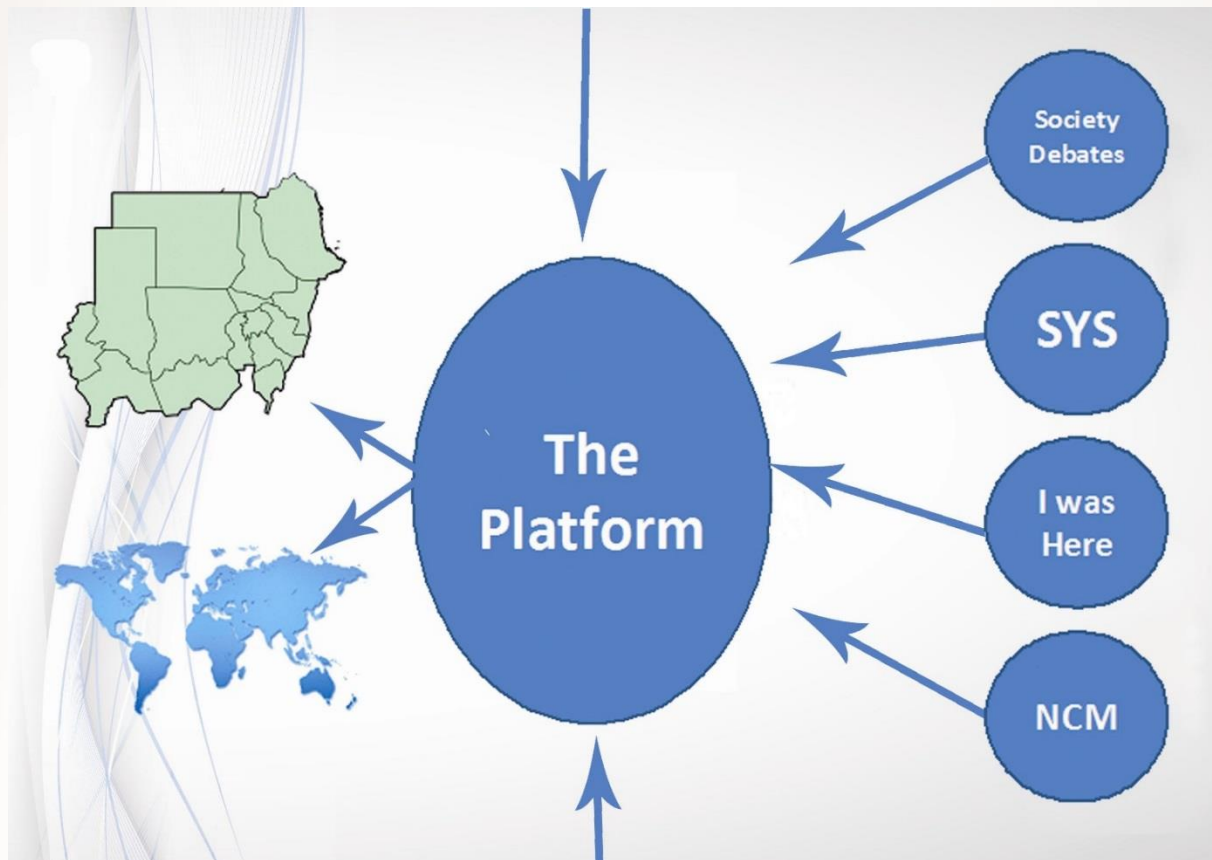

I was here project

(I was here) is designed to mobilize youth towards solving problems of Sudanese community and to create a positive social movement towards resolving these problems. The aim is to promote the extraordinary work done by youth leaders in SFMO network. This will encourage their peers to follow their footsteps and engage more in community activities. All partners' work is documented and presented in a national campaign under the theme (I was here).

The platform project

The platform is a SFMO project that targets youth empowerment by creating a platform for problem solving, best practices, the exchange of ideas and experiences, and improving relationships among and between Sudanese and international NGOs which will in turn improve efficiency and effectiveness across the board.

Monthly Forum

The monthly forum is SFMO function that rotates between Sudan's states. It aims to empower leaders in SFMO network and follow-up and assess their progress in a periodic manner. Moreover it acts as platform for discussing, adding and amending the SFMO's Dream Document.

Arts for Peace Program:

Lunched in 2014, the program is an endeavor that uses art as a tool to bring people together and promote sustainable peace, peaceful coexistence and sustainable development. Additionally, SFMO uses art to create avenues for inclusive community based discussions about peace and prosperity and in line with objectives of Sudanese Dream Document.
