Dear Global Compact Reporting Team,

RE: GRACE LETTER-2019 COMMUNICATION ON PROGRESS (COP)

We acknowledge that one of the key requirements for participating in the UN Global Compact is the annual preparation and posting of the Communication on Progress (COP) that comprises of a CEO statement of continued support for the continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are requesting for an extension of the deadline for submitting the Communication on Progress (COP) by 90 days.

The reason for the request above is, we have been undergoing restructuring as a company with the aim of diversifying. This is in response to challenging times in the country's economy that has gravely affected the industry we operate in that has deemed it necessary for us to reinvent ourselves.

This being the first time we find ourselves in this situation where we are late to submit our COP, we humbly request for favourable consideration.

Kind regards,

Sharon Thuku

Director
