### Part I. Statement of Continued Support by the Chief Executive or Equivalent

We are pleased to confirm that JCI Evolution reaffirms its support of the Ten Principles of the United Nations Global Compact in the areas of Human Rights, Environment and Anti- Corruption.

Since 2008, our global NGO JCI and the UN Global Compact have had a formal partnership through a Memorandum of Understanding. Through this collaboration, JCI members around the world have been advocating and implementing the 10 principles of the UN Global Compact in respect to human rights, labor, environment and anti-corruption. JCI Evolution is implementing these measures at the local level.

In this Communication on Engagement, we describe our actions to continually improve the integration of the Global Compact and its principles into our business strategy, culture and daily operations. We also commit to share this information with our stakeholders using our primary channels of communication.

Sincerely yours,

Alma Karabeg
