

Royal Auping – Communication on Progress

It is our conviction that good sleep is fundamental for
a healthy and energetic life.
We consciously strive for sustainable relationships with the
environment, our stakeholders and the individual.
With passion and curiosity we work on
the ultimate sleep comfort of tomorrow.

Deventer, 19 December 2019

To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to collecting of the right data and information takes more time the expected. Also we are in the process of becoming a certified B-Corp organization, which we would like to finish, so it can be addressed in our description.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by March 15 2020 at the latest.

Sincerely yours,

Koninklijke Auping bv
