To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to preparation for ISO 9001 certification inspection.

We hereby ask for an extension in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by March 18<sup>th</sup>, 2020 at the latest.

Sincerely yours,

**Faramalala RAKOTONJANAHARY**

President
