Dear Secretary General,

Please allow this to serve as the Communication of Engagement (COE) or Ha' Yisraeli Torah Brith Yahad and Edenic Kingdom Civilization (NGO).

In order to best serve our commitment to the United Nations Global Compact (UNGC) we have incorporated the principles of the UNGC into our establishment and we've initiated and completed various activities to show our support as well.

Ha' Yisraeli Torah Brith Yahad and Edenic Kingdom Civilization is a Multi-Ethnic & Cultural Torah-based International Society of Communities, Ministries, Institutions and Organizations. We promote Jewish community building & interfaith based spiritual, cultural, academic & humanitarian empowerment as well as conflict resolution. Our endeavors have included but are not limited to:

- Providing Humanitarian Medicine & Human Rights advocacy.
  - We work internationally with other NGO's to provide Integrative healthcare in rural/impoverished communities. We combine the use of evidence based Chinese medicine, Naturopathic & Homeopathic healthcare, and Western Medicine to combat the spread of infectious disease and optimize overall health, well-being, and the standard of life. To further promote these efforts, we're developing a virtual pharmacy. It will be available internationally of course with cost-effective; FDA, cGMP, and NSF compliant prescription medications and nutritional supplements. Furthermore, while emergency humanitarian medicine is the staple of this initiative, we're also making efforts to central the healthcare system in the countries and communities we help in order to encourage self-sufficiency and sustainability – especially in indigenous, displaced, and disadvantaged populations throughout Africa, Asia, and the Middle East.
- Collaborating with various NGO's, domestic and abroad in efforts to help resolve the crisis in the Middle East between Israelis and Palestinians.
- Bridging the gap between socio-economic status and academic empowerment.
  - One of our newer projects is our recently registered Open International University. It was established for impoverished and disadvantaged people so tuition is not required per credit

hour, instead we offer low cost monthly subscriptions for students during their enrollment periods. We are working with top-tier, government-registered institutions in various countries to offer dual certification, diploma, undergraduate & post graduate degree programs in over 99 different concentrations. To give a broad spectrum of the subjects we administer - such programs include but are not limited to: Healthcare & Nutrition, Business Management & Entrepreneurship, Leadership & Diplomacy, Education & Early Childhood Development, Farming & Agricultural Advancement, Fencing & Landscaping, etc. All of which are in addition to the traditional Rabbinical programs we offer for Jewish leadership development.

- *We are still in the midst of restructuring our curriculum, but so far, we have incorporated the principles complicit with the support and protection of internationally proclaimed human rights. We've designed practical solutions geared against child labor & corruption, domestic abuse & violence, subjugation, and human sex trafficking toward women and children – among others – into the basis of our curriculum in order to disseminate our shared values of the UNGC principles.*
- Ha' Yisraeli Torah Brith Yahad and Edenic Kingdom Civilization is affiliated with
  - The Mizrahi Jewish International Rabbinical Council
  - The United Nations Department of Economic & Social Affairs
  - The American Association of Integrative & Pastoral Medicine (National Commission – Apprenticeship & Certification Board of Integrative & Pastoral Medicine)
  - The International Blue Cross and Blue Crescent
  - The International Association of Educators for World Peace (UNESCO, UN)
  - Pooran International (UN-NGO)

Furthermore, we look forward to attending more upcoming events and seminars held by the UNGC in the near future! We also look forward to reporting more about our efforts and activities again soon, but in the meantime, please feel free to reach out to us regarding this COE any time – we'd be happy to further discuss how our actions can and will continue to support and promote the UNGC and its efforts to advance our shared global societal goals.
