Reg.: Extension for COP

To our stakeholders: We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are requesting extension of the COP deadline, due to a change in the CSR position. I have only been working in this new position since the 3rd of February and had not had time to familiarize myself with the relevant topics let alone collect information for the COP.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by May 29th 2020 at the latest.

Sincerely yours,
