To our stakeholders

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions relevant to the principles of the UN Global Compact, as well as measurable outcomes.

We have previously been given an extension to April 10<sup>th</sup> 2019 to align our COP deadline with our internal reporting cycle. However, as our yearly report will be approved by the Board of Directors mid-May we hereby request our COP-deadline to be updated to June 15<sup>st</sup> to ensure consistency and coordination between the reporting processes.

Yours faithfully,

Live Jacob Sydness  
Vice President, Sustainable Buisness
