Grace period letter for Seqens

We recognize that a key requirement for participation in the United Nations Global Compact (UNGC) is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN GC, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes. As a proof, we always have been publishing our information since 2011.

Due to some operational priorities and the willingness to better communicate on Seqens activities progress, we would like to postpone the sharing and posting of our CoP report, to let the communication primacy to our stakeholder and to secure alignment of our company communication.

We hereby ask for an extension period in order to finalize and post our COP that describes our company's contributions and progress in the implementation of the UN Global Compact 10 principles and 17 SDGs. Our new COP report will be posted on the UN Global Compact website before 2020, May the 22nd.

Sincerely yours,

Marc Labeille
CSR Director of Seqens
