

SANTA FE
RELOCATION SERVICES

21st February 2020

To our stakeholders:

We recognize the key requirement for the participation in the UN Global Compact (UNGC) is the annual preparation and post of a Communication on Progress (COP) that comprises of a statement of continued support for the UNGC, a description of the practical actions with regards the principles of the UNGC and a measure of the outcomes or expected outcomes.

Due to a change of business ownership along with restructuring and staff changes this has necessitated changing a number of schedules including gathering the information to create, share and post our COP report. Our new COP will be posted on the UN Global Compact website within the coming weeks.

Your sincerely

Jeremy Fletcher
Interim CFO
