

# Quick preview of about Ayadina Association

# Our Vision, Mission and Core Beliefs

- Located in the underserved suburb of Beirut, Nabaa/Sin el Fil, our Mission is to offer underserved communities a safe space where the artistic talent of children and youth is discovered and nurtured and the physical and mental well-being of senior citizens is fostered
- Our Vision is a community built on dignity with a belief in a brighter future where everyone belongs
- We believe that all children have the right to an arts education and to express themselves through art. We believe that arts education is not a luxury or a privilege. We believe in the capacity of arts education to inspire positive change in individuals and in our society as a whole. We also believe that the elderly have the right to live a dignified and safe life.

# Arts Education Program

Stemming from our believe in the Sustainable Development Goals, particularly in regards to Gender Equality and Quality Education, we offer child and adults of all ages a variety of arts classes. We believe in art as a tool for social change and development.

We also promote recycling and responsible consumption among out staff and students.

# Seniors Club Program

Also, since we wish to fight poverty, to promote good health and well-being, and to reduce inequality, we welcome at our center a group of seniors citizens residing in the neighborhood of Nabaa – Sin El Fil. Every Monday, the seniors come to our center where we offer them a warm rich meal, we do some games and physical exercises with them and we socialize with them.

On special occasions, we organize outings for them and we distribute in-kind donations to them.

# Future Plants?

We hope to take our activities to remote Lebanese regions, to reach a bigger number of children, adults, and seniors, offering them multidisciplinary opportunities for growth!
