

Abrest, March 18th 2020

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the French Government announcements concerning the development of Coronavirus. In these difficult moments, we are having to review our organisation following the Government announcements with three main objectives : protect the health of our employees and staff, limit as much as possible the impact on our distribution networks and preserve the economic health of our Company. That's why we are closing our offices and factories today, Wednesday 18th March for an indefinite period.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by Wednesday 1st July 2020 at the latest.

Sincerely yours,

Mr. GILBERT Michel
Industrial Director
