Statement of continued support for the Global Compact

Sparebanken Sør wishes to promote sustainable development and long-term value creation through responsible business operation. As a consequence of this, we will continued to support Global Compact.

The ten principle of the Global Compact in the areas of human right, labour standards, the environment and anti-corruption play a vital role in our corporate social responsibility efforts.

A more detailed decription of our performance in relation to Global Compact principles in 2019 is given in our Communication on Progress (COP), and on our web-page, www.sor.no

Best regards

Sparebanken Sør
