

31 March 2020

To our stakeholders,

We recognise that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the global COVID-19 pandemic. As an essential service provider, our immediate priority is to continue providing water and sewerage services for more than 1.7 million people. We are enacting our business continuity plans and working to support our community in this challenging time.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 15 July 2020 at the latest.

Please contact us via email at strategy@sawater.com.au if you require any further information.

Yours sincerely,

Anna Jackson
General Manager, Customers Strategy and Innovation
