

GRACE LETTER SCANIA

01-04-2020

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Unfortunately, we are late in creating, sharing and posting our COP report due to the current situation with Corona virus leading to our Annual and Sustainability report 2019 being published a few weeks later than usual. We want to provide our stakeholders with transparent and up to date information on our progress towards the principles of the Global compact. Therefore, we hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles.

Our new COP report will be posted on the UN Global Compact website by 20th of May at the latest.

Sincerely yours,
