Below we can find Plan International Indonesia's initiatives that have incorporated UN Global Compact principles and supported the achievement of SDGs through our engagement with various stakeholders.

About Plan International:

Founded in 1937, Plan International is a development and humanitarian organisation that advances children's rights and equality for girls. We strive for a just world, working together with children, young people, our supporters and partners.

Our purpose

We strive for a just world that advances children's rights and equality for girls.

We engage people and partners to:

- Empower children, young people and communities to make vital changes that tackle the root causes of discrimination against girls, exclusion and vulnerability.
- Drive change in practice and policy at local, national and global levels through our reach, experience and knowledge of the realities children face.
- Work with children and communities to prepare for and respond to crises and to overcome adversity.
- Support the safe and successful progression of children from birth to adulthood

Engage with Global Compact Local Networks:

During this period (April 2018 to March 2020) Plan International Indonesia has actively participated at series multi stakeholders dialogue on Business and Human Rights and also more specific to Child Rights. Walking the Talk: Promoting accountability business through advancement of UN guiding principles on business human rights (UNGPs) implementation in Indonesia. The dialogue conducted at every quarter with various topic among: result of baseline study on the Implementation of United Nations Guiding Principles on Business and Human Rights (UNGPs) in Indonesia, children's rights' business and principles (CRBP) implementation in sustainable supply chain, business and human right and responsible investment, how do stakeholders see the implementation of UNGPs in business?, etc.

Furthermore, Plan International Indonesia has incorporated Global Compact principles through its work. We have projects that supports various SDG implementation such as economic empowerment, protection of women and children, gender equality, empowerment of women and girls, water and sanitation, sexual and reproductive health rights, early childhood education and disaster risk management.

Part III. Measurement of Outcomes

Please use the box below to include the most relevant qualitative and/or quantitative indicators to measure the outcome of the activities described in Part II above.

📄 Expertise provided by your organization to further the aims of Global Compact Local Network in your country

Plan International Indonesia has shared some expertise to further the aims of Global Compact Local Network in Indonesia through sharing and showing in series dialogue and IGCN forum. The expertise that we shared include:

1. Our efforts to attain children's rights and equality for girls. We contribute mainly for the achievement of SDG no. 5 (achieve gender equality and empower all women and girls), 6 (clean water and sanitation), 8 (decent work and economic growth), 10 (reduce inequality within and among countries), 13 (climate action), 16 (peace, justice and strong institutions) and 17 (partnerships for the goals). As IGCN has activities that ensures youth engagement to bring fresh ideas to address development issues such as Youth Forum, Plan International Indonesia has youth advocates in Youth Coalition for Girls (YCG) that are currently working with other youth-led organisations, governments and stakeholders to ensure implementation of SDGs, particularly for goal 5: achieve gender equality and empower all women and girls. Child-centered climate change adaptation has also been the focus of Plan International Indonesia's Disaster Risk Management, which ensures promotion of greater environmental responsibility (principle 8) and usage of environmentally friendly technologies (principle 9). We are mainstreaming gender equality, protection and children's rights in all of our programming to ensure sustainability.
2. Project design on Water and Sanitation Hygiene (WASH) marketing in improving access of rural community to have sanitation facilities through sanitation loan scheme for contributing to SDG no. 6 (ensure availability and sustainable management of water and sanitation for all).

In the future, it will be beneficial for both Plan International Indonesia and IGCN if Plan International Indonesia participate in IGCN Working Groups such as that for business and human rights, children's rights and gender equality. One of our expertise is to provide technical expertise to integrate child rights' and gender equality principles in various works.
