To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the spread of coronavirus in the world and mass incidence in Ukraine. All the Company's forces are directed to provide the country with all necessary medicines and antiseptics. Work from home was organized to prevent the spread of the virus among workers, also some workers have already gone on vacation. These circumstances make it impossible to submit the annual report on time.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 15 of July at the latest.

Sincerely yours,

Zubareva Elena

Head of PR, Farmak JSC
