

# Memorandum

**To:** UN Global Compact  
**From:** Jason Shulman – Bloomberg LP  
**CC:** Erin Barnes – Bloomberg LP  
**Date:** 4/13/2020  
**Re:** Grace Letter - Requesting Reporting Extension of Communication on Progress (COP)

---

Regarding Bloomberg LP's submission of the UN Global Compact COP, we are officially requesting an extension of our reporting from the original April 17, 2020 deadline. We will be submitting this year's Sustainability (i.e., GRI) Report, representing data and updates as of year-end 2019. With all challenges presented by Covid-19 restrictions, the publication of this 2019 Impact Report has been delayed.

Since we recognize that once a COP is posted on the UN GC website it becomes publicly accessible, we must wait until the official publish date of this year's Sustainability update to post it to UN GC. I recognize the Grace Period interval can be up to 90 days, but we expect to post our report as COP within the next 30 days.

If you have any questions, I would be happy to discuss. Thank you.
