Dear Mr. Secretary-General,

I am pleased to confirm that Konecranes supports the Ten Principles of the United Nations Global Compact on human rights, labour, environment and anti-corruption. With this communication, we express our continuous intent to implement those principles. We are committed to making the UN Global Compact and its principles part of the strategy, culture and day-to-day operations of our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. Konecranes has made a clear statement of this commitment to our stakeholders and the general public.

We recognize that a key requirement for participation in the UN Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the Ten Principles. We support public accountability and transparency, and therefore commit to report on our progress annually according to the UN Global Compact COP policy.

Konecranes *Sustainability Report* and *Annual Review* summarize the practical actions that Konecranes has taken to implement the UN Global Compact principles in each of the four issue areas (human rights, labour, environment, anti-corruption). In the aforementioned reports, we also transparently report on the actual outcomes of our corporate responsibility work, as well as progress against our targets.

Sincerely,

Rob Smith
President and CEO, Konecranes Plc
