To our stakeholders:

We recognize that a key requirement for participation in the United Nations (UN) Global Compact is the annual preparation and posting of a Communication on Progress (COP) / Communication on Engagement (COE) that includes a statement from our General Director of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, a measurement of outcomes of expected outcomes and our engagement thereunder.

We are late in creating, sharing and positioning our COP report and apologize for the delay. WE are revisiting the representation of our practices and additional time will allow us to prepare a more consistent report that conveys the Léonard de Vinci Association's efforts and progress to implement the principals of the UN Global Compact.

Our new COP report will be posted on the Un Global Compact website by November 5, 2020.

Sincerely years,

Chris Wert
