Dear Mr. Secretary General,

I am very pleased to confirm that K K Myanmar Business Group of Companies support the ten principles of the Global Compact on Human Rights, Labour, Environment and Anti-corruption. With this communication we express our intent to implement those principles and are committed to making the Global Compact and its principles being part of the strategy, culture and day-to-day operations for our company, and to engaging in collaborative projects which advance the broader development goals of the United Nations, particularly the Millennium Development Goals. K K Myanmar business Group of Companies will make a clear statement of this commitment to our stakeholders and the entire public.

We also recognize that a key requirement for participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our Company's efforts to implement the ten principles. We make sure to support public accountability and transparency and therefore a strong commitment to report on progress with further opportunities by joining the Global Compact and annually getting prepared according to Global Compact COP policy which includes:

1. A statement signed by the chief executive expressing continued support for the Global Compact and renewing our ongoing commitment to the initiative and its principles.
2. A description of practical actions that the entire company plans to undertake to implement the Global Compact principles in each of the four issue areas of Human Rights, Labour, Environment and Anti-Corruption.
3. A quantifiable measurement of outcomes.

By the time We are all being sorry around the world being faced with the pandemic situation of Covid 19, we do have to be strong enough better than that of we used to be enforcing with all supports by the guidelines or United Nations Global Compact.

Yours Sincerely,

Ko Ko Latt
