Communication on Engagement

The management of Asociación Aztivate, fully support the tenets of the UN Global Compact and has continuously been working with different stakeholders to uphold ethical business group.

As a volunteer organization, we have worked with 9 local and international volunteers over the past year on our projects in Kenya.

This has directly benefited more than 4000 children on our nutritional programs and 96 on our Educational programs. It is our aspiration to work with Global Compact corporations to increase education and health opportunities for young children, as well empower parents with income generating activities to enable them take good care of their children.
