Part I. Statement of Continued Support by the Chief Executive

1st August 2020

To Dear stakeholders:

I am pleased to confirm that from September 2014 onwards Femina Charitable Trust reaffirms its support to the United Nations Global Compact and its Ten Principles in the areas of Human Rights, Labour, Environment and Anti-Corruption, as we are a part of United Nations Global Compact. This is our Communication on Engagement with the United Nations Global Compact. We welcome feedback on its contents.

In our Communication of Engagement, we describe the actions that our organization has taken to support the UN Global Compact and its Principles as suggested for an organization like ours. We also commit to sharing this information with our stakeholders using our primary channels of communication.

During this pandemic we are looking forward to associate with big organisations to cater more people better. Our professional team can provide more services if we can get some backups.

We are looking forward for participating in activities with participating companies in United Nations Global Compact. Always looking forward to get advices from such platform to get involved into and participating more events and projects. Adding a word to it, organization like ours can do much more if we can associate with companies who are associated with United Nations Global Compact already. Thus we may get a back up support both financially and project wise.

Sincerely yours,

P. P. Joseph

President

Part II. Description of Actions

Femina Charitable Trust has taken part of different activities which promotes the Ten Principles of United Nations Global Compact. The few of our activities for the last two years are;

1. Conducted awareness programs and campaigns on Human Rights and sounded against the human right violation in many areas. Workshops and awareness programs are conducted in association with many educational institutions and few social clubs.
2. Campaigns are conducted against child labour in streets and even in social medias. Sounded voice against the discrimination at the work place. Conducted awareness programs and workshops on labour rights and rules.
3. We could actively participate in the flood relief programs in Kerala.
4. Supported the children for their education through some eminent personalities and getting their sponsorship. Conducted few campaigns on “back to school” concept.
5. Conducted awareness programs in different places regarding forced labour.
6. Conducted medical camps and distributed medicines in association with many hospitals and voluntary agencies. Conducted veterinary medical camps in association by associating with veterinary professionals through “skill donation” program.
7. To mould the youngsters, we are running personality development and motivational training classes.
8. Educational guidance and awareness programs are conducted. Celebrated world environment day by planting trees, through different institutions, schools and colleges.
9. Conducted classes on the needs of protected environment and planting trees. Promoted eco friendly living concept.

9. Made youngsters to fight against corruption. Educated the right of getting services. Conducted anti corruption workshops and classes. Promoted anti corruption slogans through campaigns and social media.
10. Conducted women empowerment programs.
11. Programs done during the COVID – 19 pandemic. Telemedicine services organised in association with other organisations. Supported with the necessary supplies to the needy. Helped the children for education by capacity building.

Part III. Measurement of Outcomes

As awareness programs and other classes and campaigns having qualitative impact on people. Few of our programs got quantitative benefits too.

1. Medical camps benefitted number of people to get free medical check up and free medicines. Even many of the patients got tertiary care facility at affordable cost through associating with many organization.
2. Few students got benefitted to go back to schools and continue their broken education.
3. Planting trees were a huge success it has go a huge support from public and educational institutions.
4. The telemedicine campaign done is also went huge success as during lock down people were unable to go out, so this facility helped lot of people.
