

August 13, 2020

To our stakeholders:

We recognize that a key condition for participating in the United Nations Global Compact is the annual preparation and publication of a Communication on Progress (COP) which includes a CEO statement of continued support for the United Nations Global Compact, a description practical actions with regard to the principles of the United Nations Global Compact and a measurement of results or expected results.

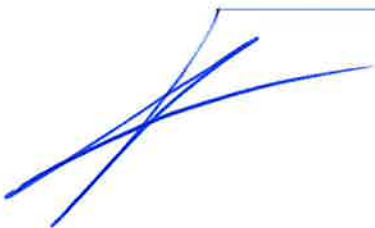

We are late in creating, sharing and uploading our COP report due to the reorganization of the department in charge of writing the report (departure of a quality, safety and sustainable development director: she is our new point-of-contact).

We hereby request an extension period in order to be able to issue a COP outlining our company's efforts and progress to implement the principles of the United Nations Global Compact. Our new COP report will be posted on the UN Global Compact website no later than NOVEMBER 13, 2020.

Sincerely Yours,

Mr. Nicolas PAUQUET
