

To: UN Global Compact/UN PRME

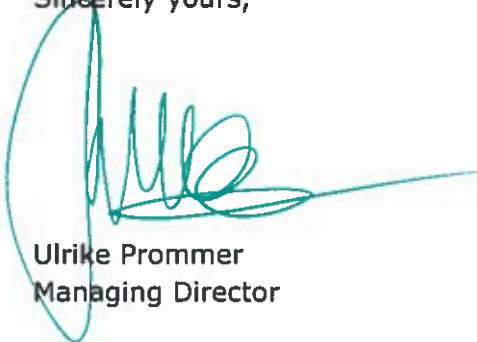

Krems, August 26th 2020

To our stakeholders

We recognize that a key requirement for participation in the UN Global Compact and UN PRME is the preparation and posting of a Communication on Engagement (COE) as well as Sharing Information on Progress (SIP) that comprises of a chief executive statement of continued support, a description of practical actions, and a measurement of outcomes.

We want to align our internal reporting cycle with the COE and SIP deadlines and hereby request these to be adjusted to March 1st with the two year reporting cycle beginning in 2021.

Sincerely yours,

Ulrike Prommer
Managing Director
