

ABOUT US

We have been producing valves and actuators since 1981. We put our **expertise** and **professionalism** into providing a **customised** product for our customers, which guarantees the **highest quality** and **performance**, designed for various sectors such as food, chemical and pharmaceutical, power and energy, naval and many others.

Our motto is *Empowered Performance*. Because only an *empowered* process can guarantee a product with *empowered performance*.

Empowered performance is achieved by **internalising** all processes, ensuring **Made in Italy quality** and ensuring full **control along the entire value chain**. We are thorough when **selecting our suppliers**, basing our selection on not only economic parameters, but also sustainability, quality and innovation. We invest in **technological development** to ensure precision and speed.

For OMAL, *empowered performance* also means producing with great care for the environment and the surrounding area, as well as people and corporate social responsibility.

Our product is *empowered* because it is designed to guarantee maximum performance throughout its life cycle: from design, to construction, up to commissioning and operation, ensuring durability and low consumption.

VISION

We believe that the right balance between man and the environment improves the quality of life, guaranteeing a better world for future generations.

MISSION

We work to create products with ever higher performance, able to protect the environment and improve the quality of life by making systems safer and more reliable.

VALUES

We believe that actions are the best way to tell the story of a company like OMAL, which does not back down and substantiates its words with concrete actions.
