Dear Mr. Secretary General,

I am pleased to confirm that the Association of Development Financing Institutions in Asia and the Pacific supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles, and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- 1) Propose and implement partnership on corporate sustainability and engage with other stakeholders.
- 2) Propose and implement partnerships on corporate sustainability and engage with other stakeholders.
- 3) Engage with Global Compact Local Networks
- 4) Join and/or support issue platforms and work streams
- 5) Engage companies/financial institutions in Global Compact-related issues.

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report our progress within *two years* of joining the Global Compact and every *two years* thereafter according to the Global Compact COE policy. Having said this, we are pleased to submit our 2019 Sustainability Report at this this link,
