IBK,

World's leading financial group with global competitiveness

01 회사소개 및 CEO Message

The Industrial Bank of Korea is a government-owned, special-purpose bank established in August 1961 in accordance with the Small and Medium-sized Enterprise (SME) Act. Under this mandate, IBK enacted leadership in SME finance, and has been a strong supporter for SMEs whenever they were under strain due to the domestic economic situation.

In 2019, IBK remained close to the SMEs by realizing Co-up finance, which emphasizes the bank's role as a comprehensive business partner for SMEs' growth. On top of that, IBK has initiated innovation in finance in response to the new economic environment presented by the 4th Industrial Revolution. 'IBK BOX', Korea's first digital support platform for SMEs, 'IBK Changgong', innovative startup incubation platform and 'IBK 1st Lab', the bank's open innovation testbed are the remarkable results of utmost efforts in pursuing innovation. In global aspect, with the successful inception of the business operation of PT Bank IBK Indonesia Tbk, we have built 57 overseas networks consolidating our global business foundation.

With full dedication to responsibility and trust, IBK will leap forward to be the world's leading financial services provider with global competitiveness through innovative finance and conscious management.
