

In Special Consultative Status with the United Nations ECOSOC

Thursday, 10 December 2020

H.E. António Guterres Secretary-General United Nations  
New York, NY 10017 USA

Dear Mr. Secretary General,

I am pleased to confirm that the Wellbeing Foundation Africa supports the ten principles of the UN Global Compact with respect to human rights, labor, environment and anti-corruption. With this commitment, we express our intent to support the Global Compact advancing these principles and will make a clear statement of this commitment to our stakeholders and the general public.

We also pledge to participate in and engage with the UN Global Compact in the following ways:

- Leverage our existing partnerships and work to create new ones in Nigeria and globally which are in line with Global Compact's objective to ensure responsible business practices and commitment to sustainability in business operations
- Support UN Global Compact business participants to implement sustainable improvements to health, well-being, socioeconomic development and monitoring & evaluation practices in Nigeria and globally
- Advance the initiative and Ten Principles of the UN Global Compact through engagement with the Global Compact Local Networks and engaging with the Local Network Secretariat to work with our existing local and international partners in promoting an aligned collaboration with UN headquarters
- Join and support issue platforms which Wellbeing Foundation Africa is advocating for and working towards, including water stewardship, improved governance and maternal and natal health

We recognize that a key requirement for participation in the Global Compact is the submission of a Communication on Engagement (COE) that describes our organization's efforts to support the implementation of the ten principles and to engage with the Global Compact. We support public accountability and transparency, and therefore commit to report on progress within two years of joining the Global Compact and every two years thereafter according to the Global Compact COE policy.

Sincerely yours,

Toyin Ojora Saraki  
Founder - President
