## ***To our stakeholders***

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the special circumstances the Covid-19 has hit us all in 2020. This year has been very challenging for us. In march we had to close down our operations, and we still struggle with many of our employees out of work. In this state of exception, we have unfortunately not had the opportunity to follow up on all our plans, nor have we been able to complete our reporting for 2020.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by [enter date here, max. 90 days from COP deadline] at the latest.

Sincerely yours,  
**Energiråd AS**
