January 6th, 2021,

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to unforeseen delay in coordination and availability of all participants in global pandemic context. Delay mainly occurred on finalization of design of our COP report.

At present time, our COP report is finalized and need a final review which is expected by end of February 2021.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by March 12th, 2021 at the latest.

Sincerely yours,
