To whom it may concern,

Ulloq/Dato: January 5, 2021

As we like to adapt the completion of our annual statutory report with the delivery of our Communication On Progress report (COP) we would appreciate the possibility to adjust deadlines.

Our COP report is expected in February, so we are requesting an extension period so both reports can be submitted at the same time in May 2021.

Thanks in advance.

Sincerely yours,
