To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions regarding the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COP report due to the unavailability of a sustainability unit and focus being more towards meeting the challenges that ensued from the pandemic. We hereby ask for an extension period to be able to post a COP that comprehensively describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by the 12th of April 2021, at the latest.

Sincerely yours,

Dr. Nelum Vithana
(Manager - Corporate)
