Grace period for 2020 Communication on Progress

To our stakeholders:

TOMRA Systems ASA recognizes that the preparation of the Communication on Progress (CoP) on an annual basis is an important element of participation in the United Nations Global Compact (UNGC).

As TOMRA's 2020 Annual Report, which includes our CoP, is due to be published in early April this year, we respectfully request an extension to the CoP deadline and a new submission date of 1 April 2021.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Nicolai Prytz".
