DE ANGELUS ESTATES™

January 23rd, 2021

To UNITED NATIONS Global Compact

De Angelus Estates recognizes that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions regarding the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing, and posting our COP report due to changes in the structure of our company and project status. I believe the Grace period would enable us to provide better and concise reporting to the status, and nature of the De Angelus Estates power impact project.

Herewith, I ask for an extension period to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by April 15th, 2021 at the latest.

Sincerely yours,

Francesca Fondse
