UN Global Compact Communication on Progress: Grace Letter

Dear UN, Global Compact,

INTRALOT recognizes that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Our annual Corporate Responsibility (CR) Report is the tangible expression of our commitment to align our business activities with responsible operation standards and transparently integrate Corporate Responsibility and ethical practices into our core business.

Our effort is to expand each year the responsible practices and standards within our operations in the five main areas outlined in our CR Report, which are Governance and Compliance, Responsible Gaming, Employee Wellbeing, Economic Sustainability, and Societal Support. Therefore, we are late in creating, sharing, and posting our COP report to the UN Global Compact due to the enhancement of our CR Report this year with more meaningful information that highlights the developments regarding our objectives in the past year.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by April 28, 2021 [90 days from COP deadline] at the latest.

Sincerely yours,

Chryssa Amanatidou
Group Corporate Affairs Director
