

27 January 2021

Dear Sir/Madam

Request for an adjustment to the due date of Golar LNG's annual Communication of Progress (COP).

Golar LNG's annual COP is currently due on 11 February 2021. We kindly request an adjustment to our COP deadline to 30 April 2021 and to 30 April each year thereafter, to align with the publication of our annual financial report.

This adjustment will allow us to match our financial reporting cycle with our ESG/Sustainability reporting cycle (which will include progress against the principles of the UN Global Compact).
